I. INTRODUCTION

Look book – Shopping image gallery is a PrestaShop lookbook module that supports selling and displaying products by collection, allows you to create look book to show shopping image gallery. Make it easier for your customers to browse and purchase products in sets.

***Look book – Shopping image gallery** is compatible with PrestaShop 1.6.x, 1.7.x and PrestaShop 8.x

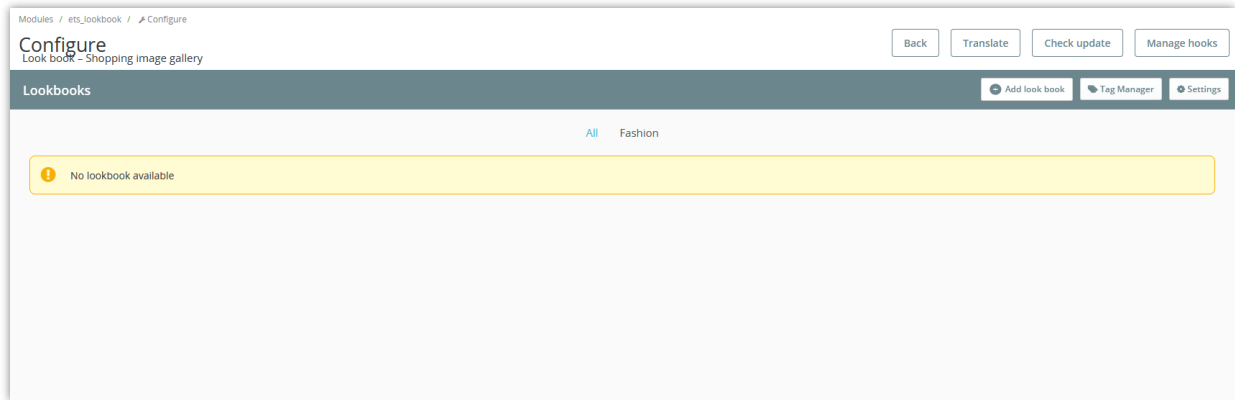

II. INSTALLATION

- Navigate to **“Modules / Modules Manager”** > click on **“Upload a module / Select file”**.
- Select the module file **“ets_lookbook.zip”** from your computer then click on **“Open”** to install.
- Click on **“Configure”** button of the module you just installed to open the module’s configuration page.

III. MODULE CONFIGURATION

1. Create a new lookbook

From your installed module list (located at **“Modules/Module Manager”**), find **“Look book – Shopping image gallery”** then click on **“Configure”** button to open its configuration page.

Now start with adding a new lookbook:

- Click on the **“Add look book”** button.
- On the **“Add look book”** popup, fill in the information in the required field. You can enter the lookbook’s name and description in multiple languages.
- Add image/file you want and assign tags for the lookbook if needed.
- Enable **“YES”** and save your setting.

The screenshot shows a 'Add lookbook' form with the following fields and features:

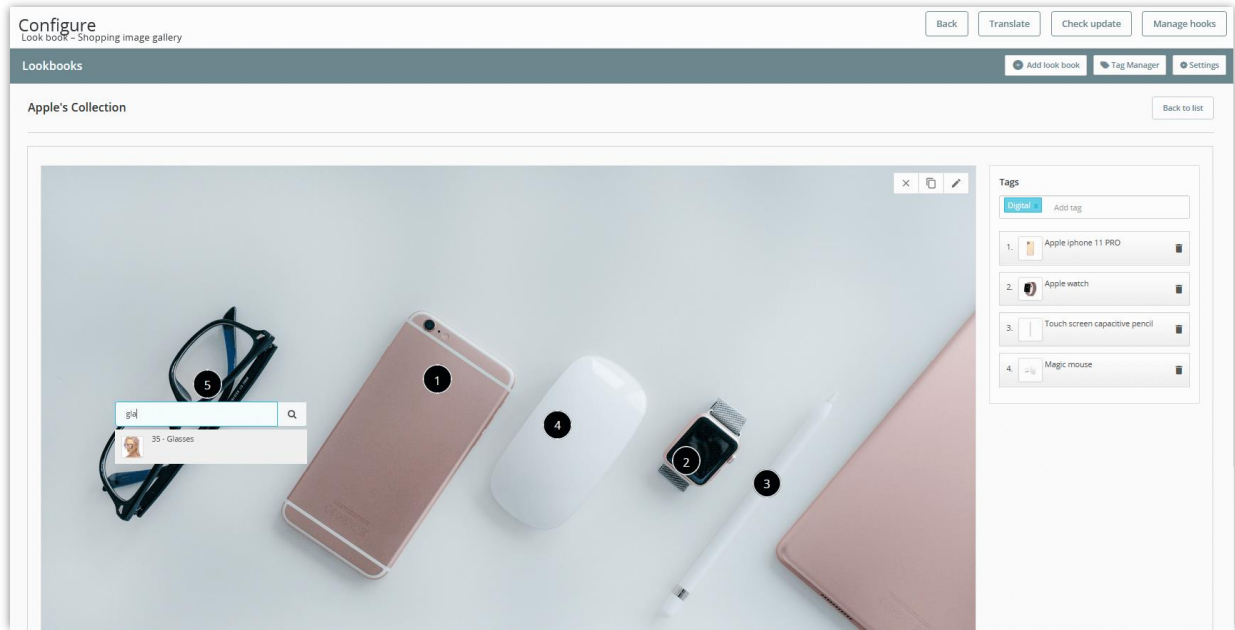

- Name:** A text input field with a red asterisk and a language dropdown menu set to 'en'.
- Description:** A text input field with a language dropdown menu set to 'en'.
- Rewrite URL:** A text input field with a red asterisk and a language dropdown menu set to 'en'.
- Meta title:** A text input field with a language dropdown menu set to 'en'.
- Meta description:** A text input field.
- Image:** A file upload area with an 'Add file' button. Below it, text reads: 'Accepted formats: .jpg, .jpeg, .png, .gif. Limit: 2Mb. Recommended size: 960x620.'
- Tag:** A dropdown menu. Below it, text reads: 'Select one or several tags to categorize your lookbook'. A link says 'Click here to manager lookbook tags'.
- Enabled:** A toggle switch is turned on, labeled 'Yes'.
- Save:** A blue button at the bottom right.

Two callout boxes provide additional information:

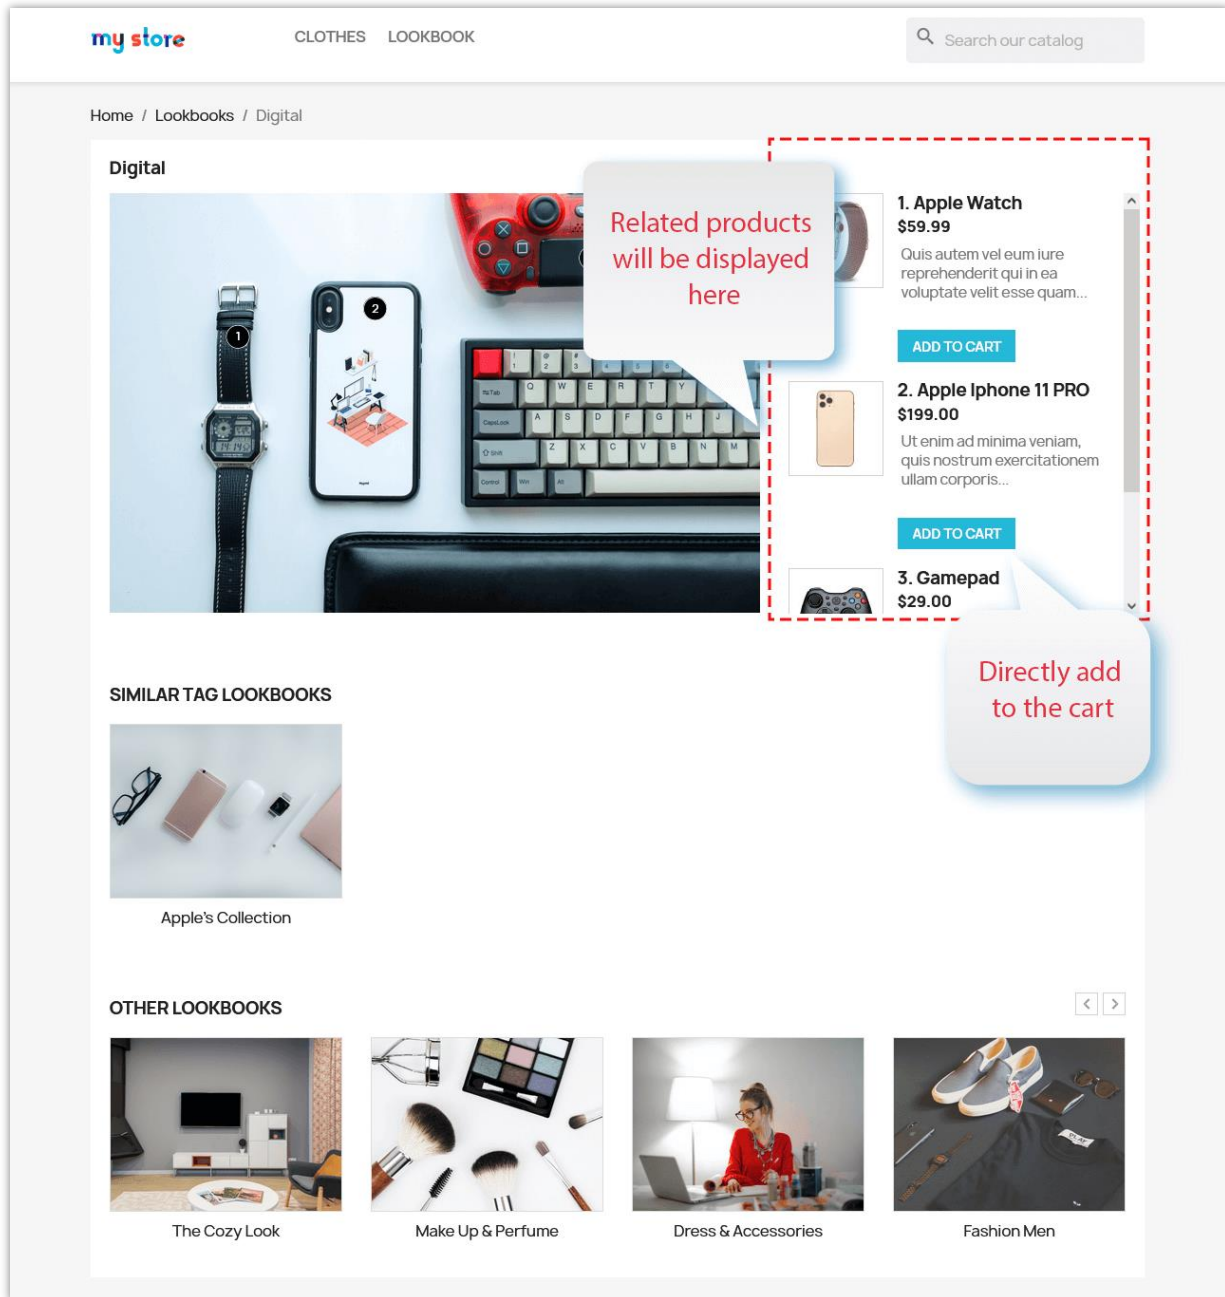

- A callout pointing to the Image field: 'Add an image which has many images of different products that you want to sell in set'.
- A callout pointing to the Tag field: 'You can assign tags for a lookbook'.

After adding a new lookbook, the module allows you to edit, duplicate or delete the lookbook by hovering your mouse and click on the icon of action you want in the upper right corner of that lookbook.

You also can search for products related to lookbook from your back office, click on the product image on the photo and search for that product. The order number of product will be added and increased automatically as bellow:

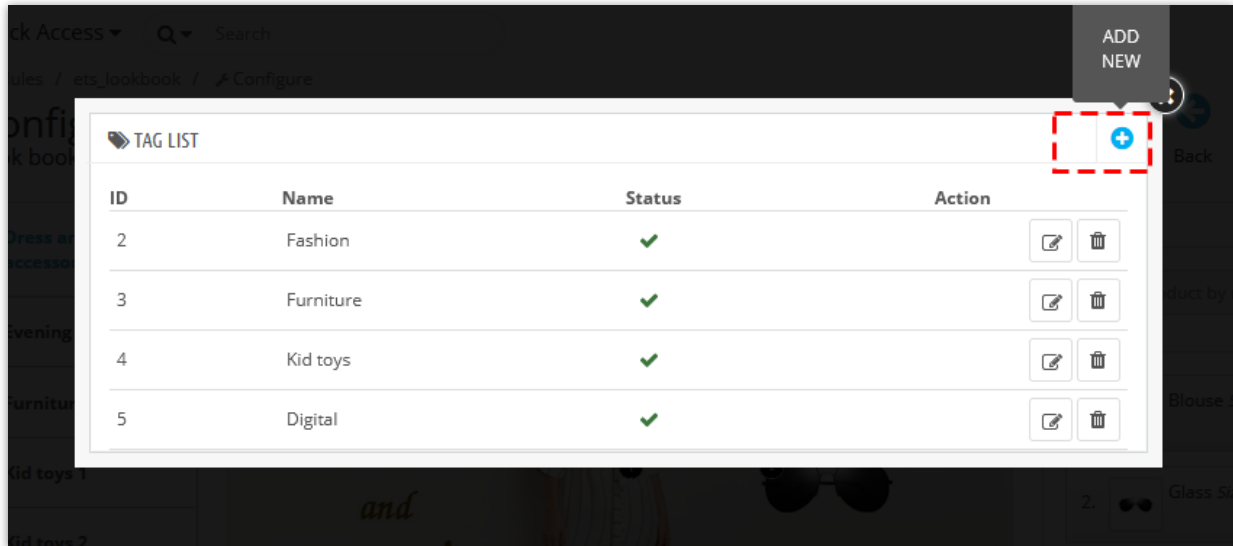

From there, when a customer clicks to view any look book, the related products will be displayed on the right of the look book on the front office in the correct order number that you added in the back office. In this way, your customers can see and buy products in sets easily without having to search for each product separately.

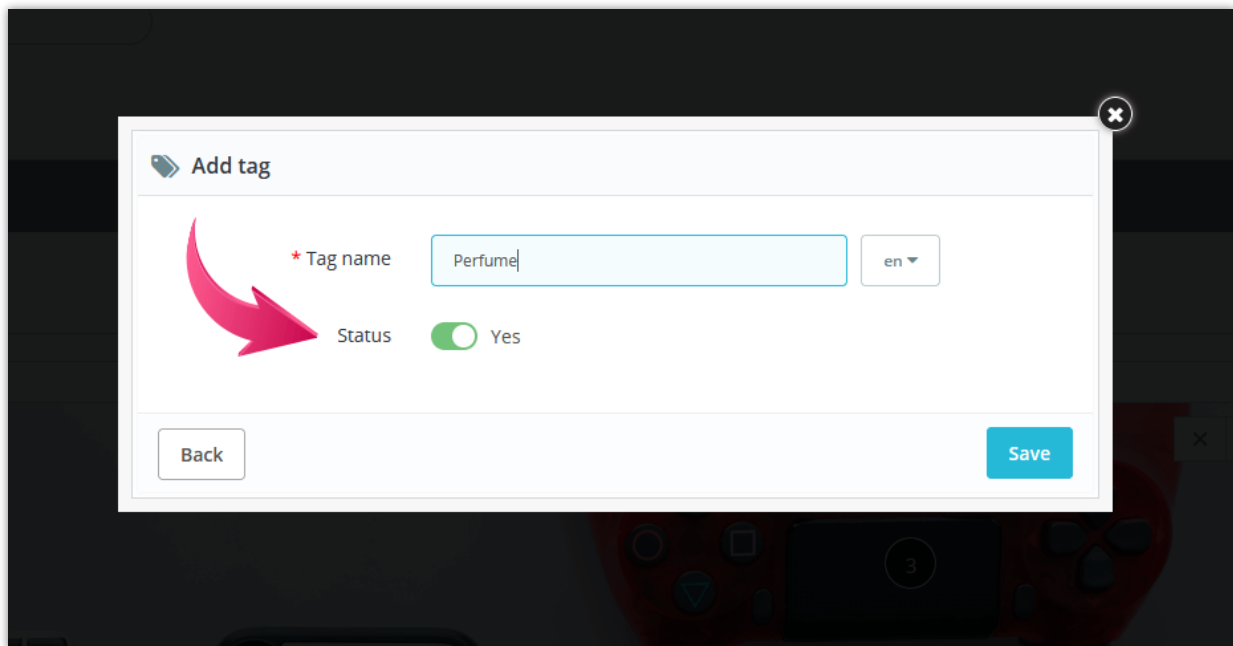

2. Create a new tag

This module allows you to assign tags for the lookbook. Here is the way to add a new tag:

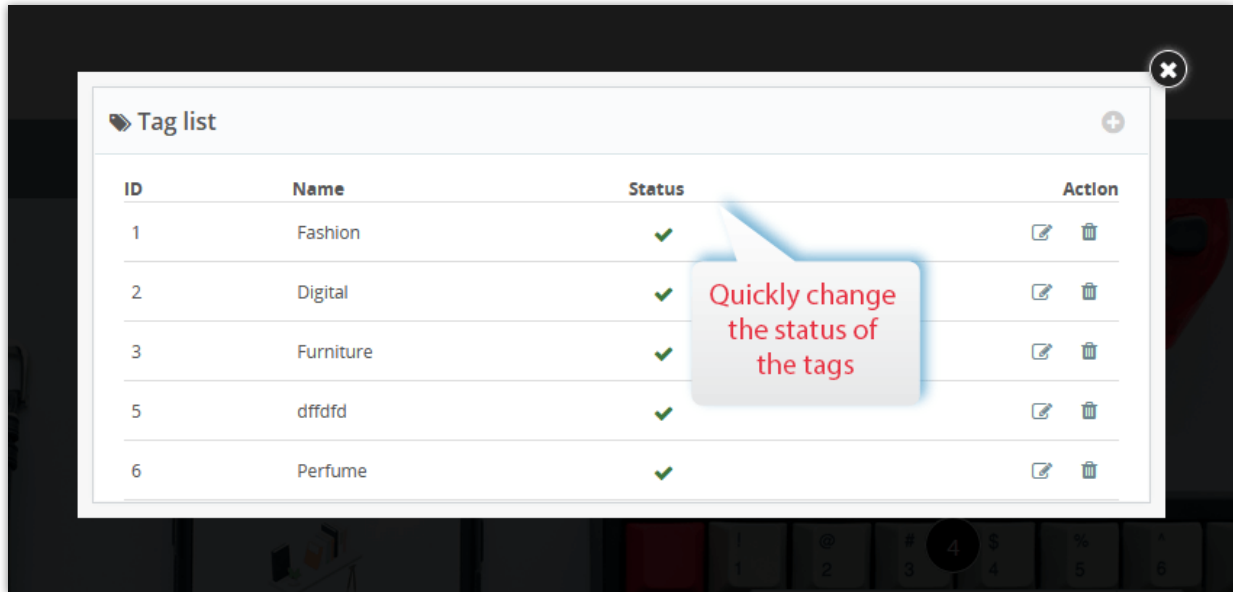

- Click on the **“Tag Manager”** on the module configuration page.
- On the **“Tag list”** popup, click on **“Add new”** icon to add a new tag.

- Fill in the **“Tag name”** field with multiple languages.
- Enable the **“Status”** option and save.

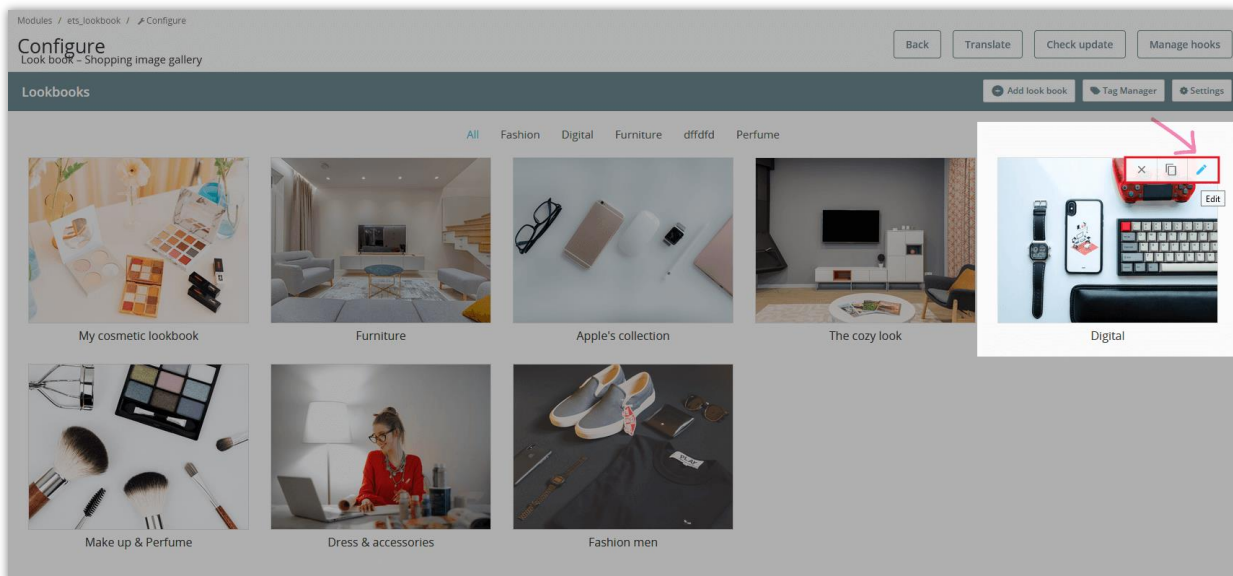

Besides, when you open **“Tag Manager”**, you can edit or delete tags by clicking on the icon of the action you want, you also can quickly change the status of the tags on the tag list.

3. Assign tags for a lookbook

After adding new tags, if you want to assign tags to a specific lookbook, you can click on the **“Edit”** icon of that lookbook on the configuration page and scroll down to the **“Tag”** option => select one or several tags then click **“Save”**.

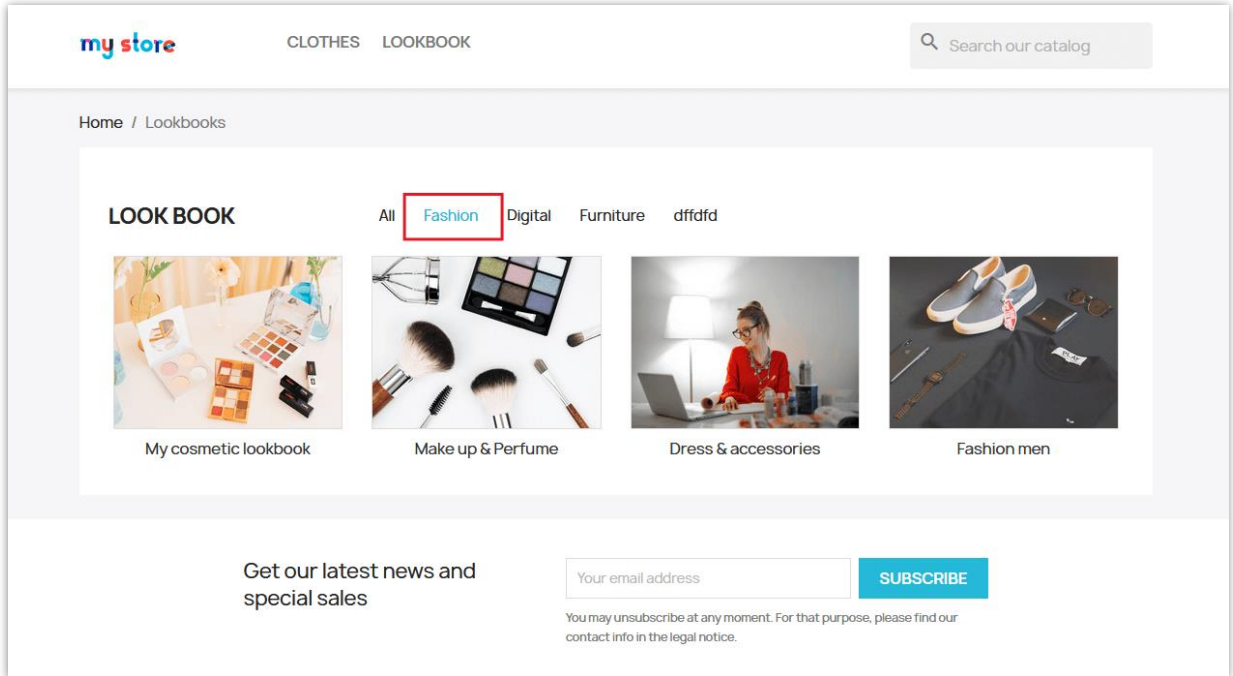

You also can choose pre-added tags or you can quickly create new tags by clicking "**Click here**" then follow the same steps as when adding a new tag above.

The screenshot shows the 'Edit lookbook' interface with the following fields and elements:

- Name:** Input field containing 'Digital', with a language dropdown set to 'en'.
- Description:** Empty input field, with a language dropdown set to 'en'.
- Rewrite URL:** Input field containing 'digital', with a language dropdown set to 'en'. Below it, the URL is shown as `https://demo2.ets-demos.com/lookbook/en/lookbook/5-digital`.
- Meta title:** Empty input field, with a language dropdown set to 'en'.
- Meta description:** Empty input field, with a language dropdown set to 'en'.
- Image:** File upload area with an 'Add file' button. Accepted formats are jpg, jpeg, png, gif. Limit: 8Mb. Recommended size: 960x620.
- Uploaded image:** A preview of a desk setup with a watch, smartphone, keyboard, and game controller.
- Tag:** A list of tags including 'Fashion', 'Digital', 'Furniture', and 'dffd'. A callout bubble points to this list with the text: "Select one or several tags you want to add".
- Enabled:** A toggle switch is turned on.
- Save:** A blue button at the bottom right.

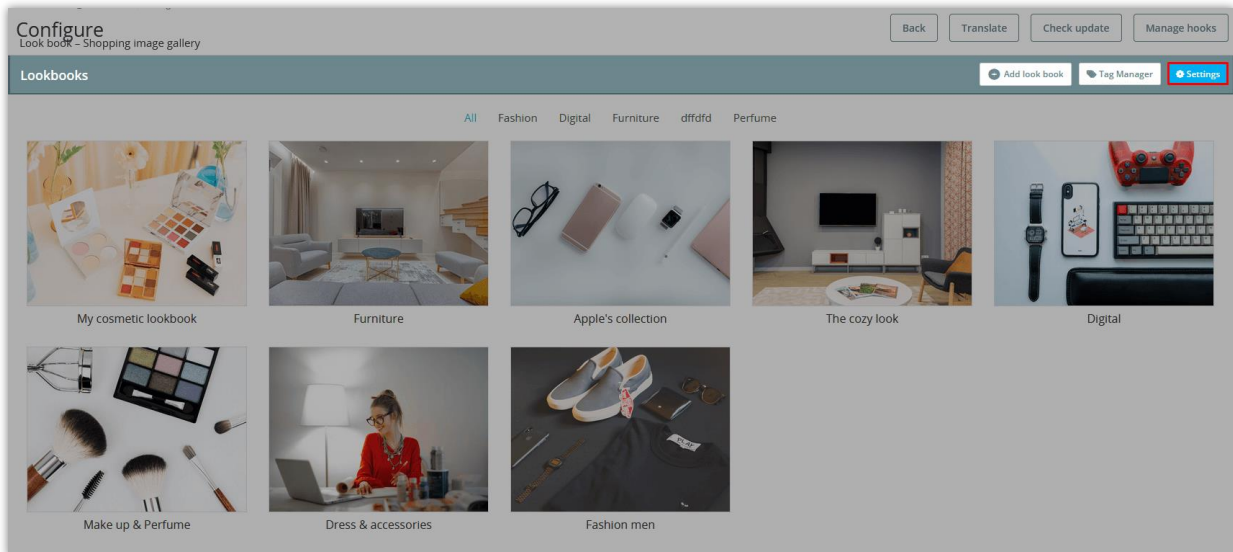

Additional callouts include: "Click here to quickly open 'Tag list' popup and create a new tag" pointing to a link below the tag list, and "Click here to manager lookbook tags" pointing to a link below the tag list.

Lookbooks with the same tag will be displayed in one tab. For example, 2 lookbooks with the same "**Fashion**" tag are displayed on the "**Fashion**" tab as below:

4. General settings

Click on the **“Settings”** option in the upper right corner of the configuration page to open the **“Settings”** popup.

You can adjust image width, image height and decide which content you want to display on the lookbook (product attribute, rating, description).

* Image width	<input type="text" value="960"/>	px
* Image height	<input type="text" value="620"/>	px
Open lookbook on popup	<input checked="" type="checkbox"/>	Yes
Display product attribute	<input checked="" type="checkbox"/>	Yes
Display rating	<input checked="" type="checkbox"/>	Yes
Display description	<input checked="" type="checkbox"/>	Yes

Customize the "**Add to cart**" button color:

"Add to cart" button color	<input type="text"/>	
"Add to cart" button color when hover	<input type="text"/>	
"Add to cart" button background color	<input type="text"/>	
"Add to cart" button color when hover	<input type="text"/>	

Options to display other lookbooks:

Display other lookbooks	<input checked="" type="checkbox"/>	Yes
Enable carousel slider of other lookbooks	<input checked="" type="checkbox"/>	Yes
Display similar tag	<input checked="" type="checkbox"/>	Yes

If you enable "**Display similar tag**" option, when a customer clicks on a specific lookbook, all the lookbooks that have the same tags will be displayed under it.
