I. INTRODUCTION

When potential customers search for your brand online, they will often visit your website to learn more about your business and the products you provide. That's why getting a great testimonial area is so important since it is one of the first places visitors check when they visit your site to see what other customers have said about your brand.

By using **Testimonial Slider** – our PrestaShop testimonial module, you can display customer's testimonials in a clean and professional way on your website home page. Let's show the experiences your product gives so that your potential clients will be eager to have it too!

****Testimonial Slider** is compatible with PrestaShop 1.5.x – 8.x*

II. INSTALLATION

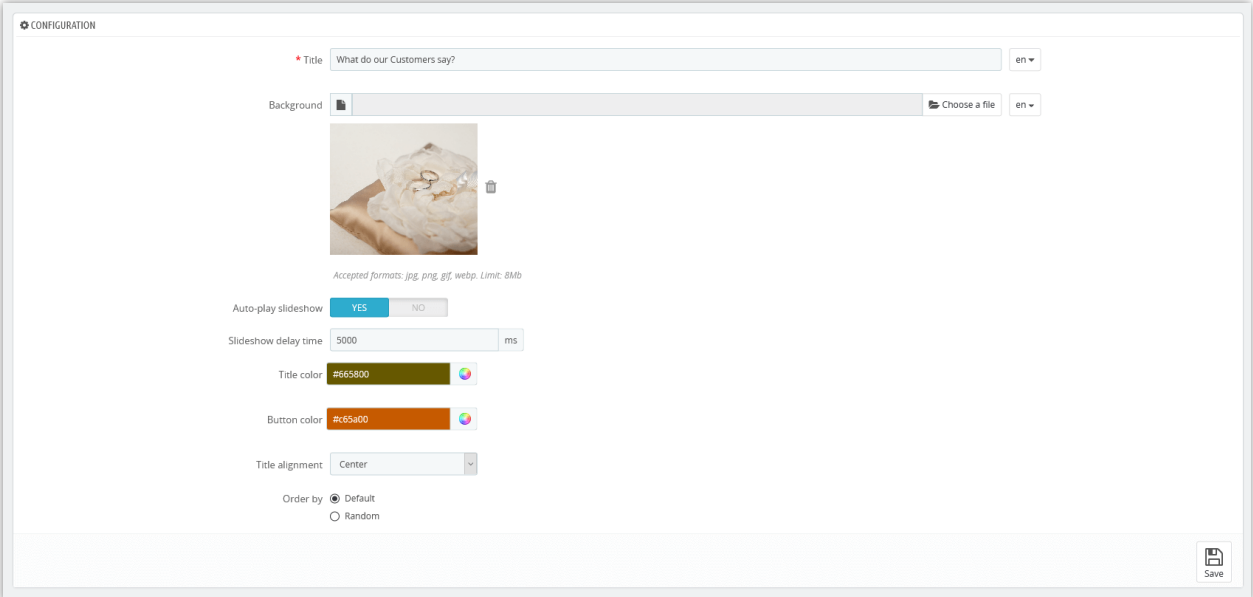

- Navigate to “**Modules / Modules & Services**” > click on “**Upload a module / Select file**”.
- Select the module file “**ets_testimonial.zip**” from your computer then click on “**Open**” to install.
- Click on “**Configuration**” button of the module you just installed to open the module's configuration page.

III. CONFIGURATION

1. Testimonial slider configuration

From your installed module list (Located at “**Modules/Modules & services/Installed modules**”), find “**Testimonial Slider**” then click on the “**Configure**” button to open its configuration page.

You will find these options below which will be used to customize the testimonial slider and how it will display on home page:

What do our Customers say?

★★★★★

I was recently given two pieces of Camellia Studio and I love them. Her pieces are so unique, dainty and delightful. I was then inspired to buy some earrings as a gift for a friend and she, too, really appreciated them.

★★★★★

I love all of the jewelry that Camellia creates. I bought three pairs of earrings from Camellia and I love them. I also loved how they were presented when I opened the parcel.
