#### I. INTRODUCTION

**Cookie Banner** is a free PrestaShop cookie banner module that helps you display a banner asking for the client's consent for the cookies used in the store.

\*"**Cookie Banner**" is compatible with PrestaShop 1.7.x - 8.x

#### II. INSTALLATION

- Navigate to "Modules / Modules Manager" > click on "Upload a module / Select file".
- Select the module file "ets\_cookie\_banner.zip" from your computer then click on "Open" to install.
- Click on "**Configure**" button of the module you just installed to open the module's configuration page.

#### **III. CONFIGURATION**

From your installed module list (located at **"Modules/Module Manager"**), find **"Cookie Banner"** then click on the **"Configure**" button to open its configuration page.

You will see the options below are used to manage the display of the cookie banner in the front office.

- **Cookie content:** We have pre-filled banner content that will display outside the front office. You can customize the content as you like.
- **Cookie banner position:** You can select a position to display your cookie banner in the front office. There are 3 available positions for you to choose from: left bottom box, right bottom box, and bottom bar.

Here is an example of a cookie banner on the left bottom box:

On the right bottom box:

#### On the bottom bar:

• You can customize all the cookie banner elements: width, background, border color, border-radius. Fill the width of the cookie banner and its border radius as you want.
