1. WELCOME

Thank you for purchasing our product. We hope to guide you through all the aspects of the module installation and the module setup within this document. But if you have any questions that are beyond the scope of this documentation, please feel free to contact us for more help.

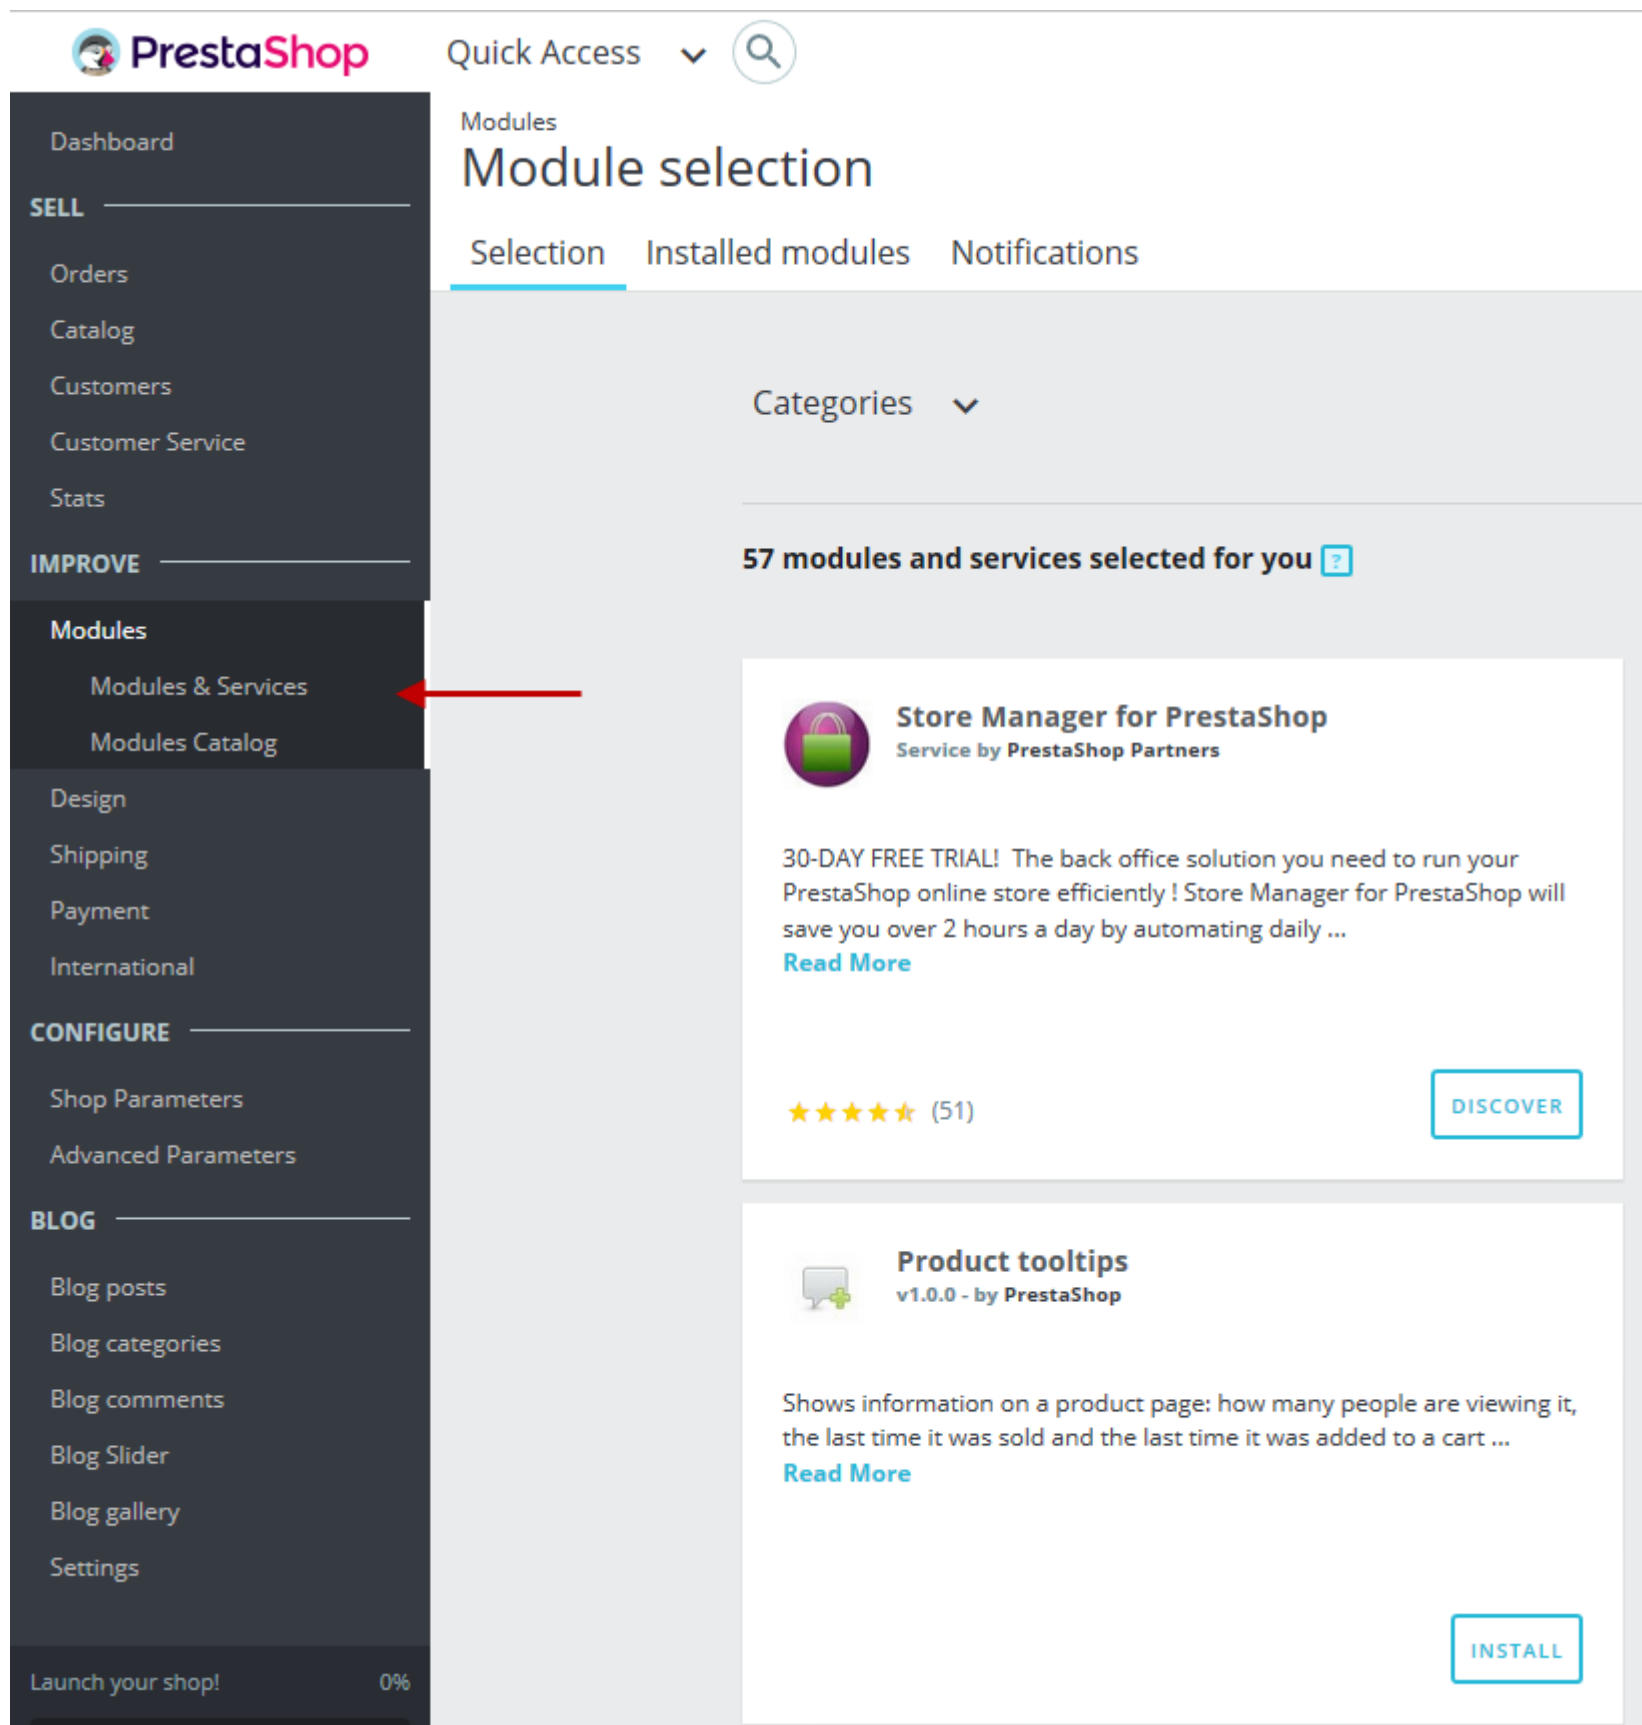

2. REQUIREMENTS

- Working Prestashop website with Prestashop 1.6.x or Prestashop 1.7.x installed
- This module is strongly compatible with both Prestashop 1.6.x and Prestashop 1.7.x

3. INSTALLATION

❖ UPLOAD MODULE

- Navigate to “*Modules / Modules & Services*”:

The screenshot displays the PrestaShop back office interface. On the left is a dark sidebar with a navigation menu. The main content area is titled 'Module selection' and shows a list of recommended modules. A red arrow points to the 'Modules & Services' menu item in the sidebar.

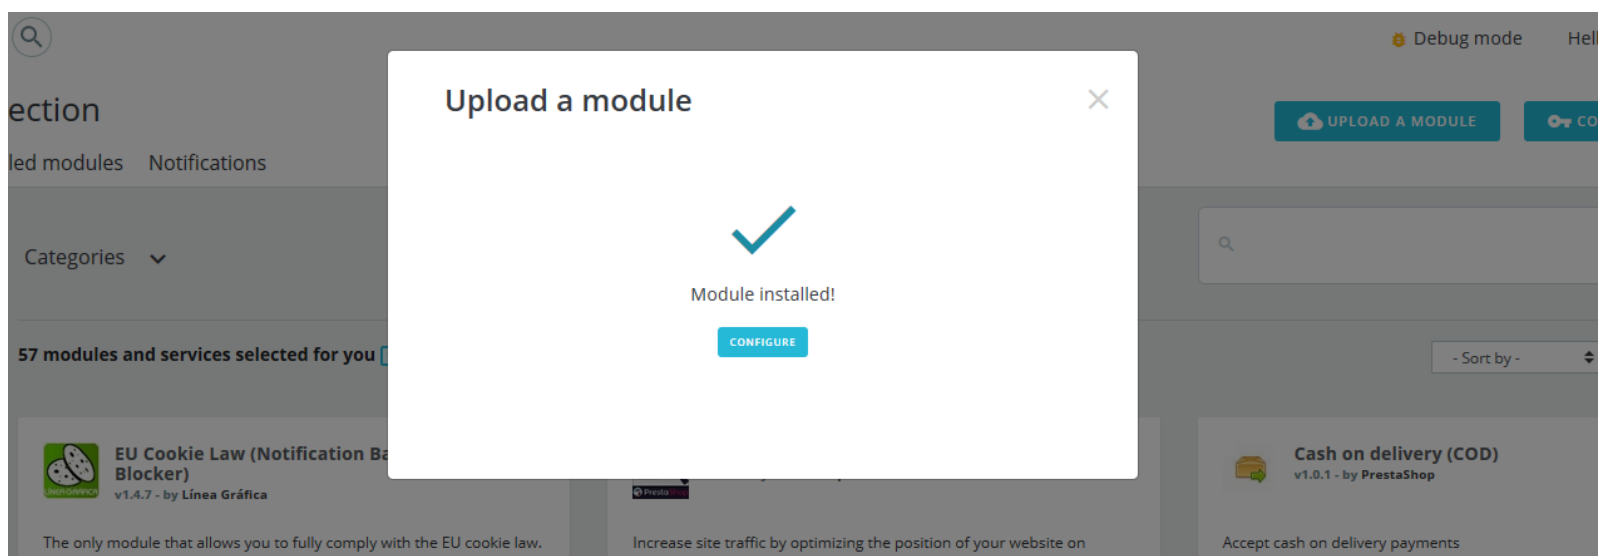

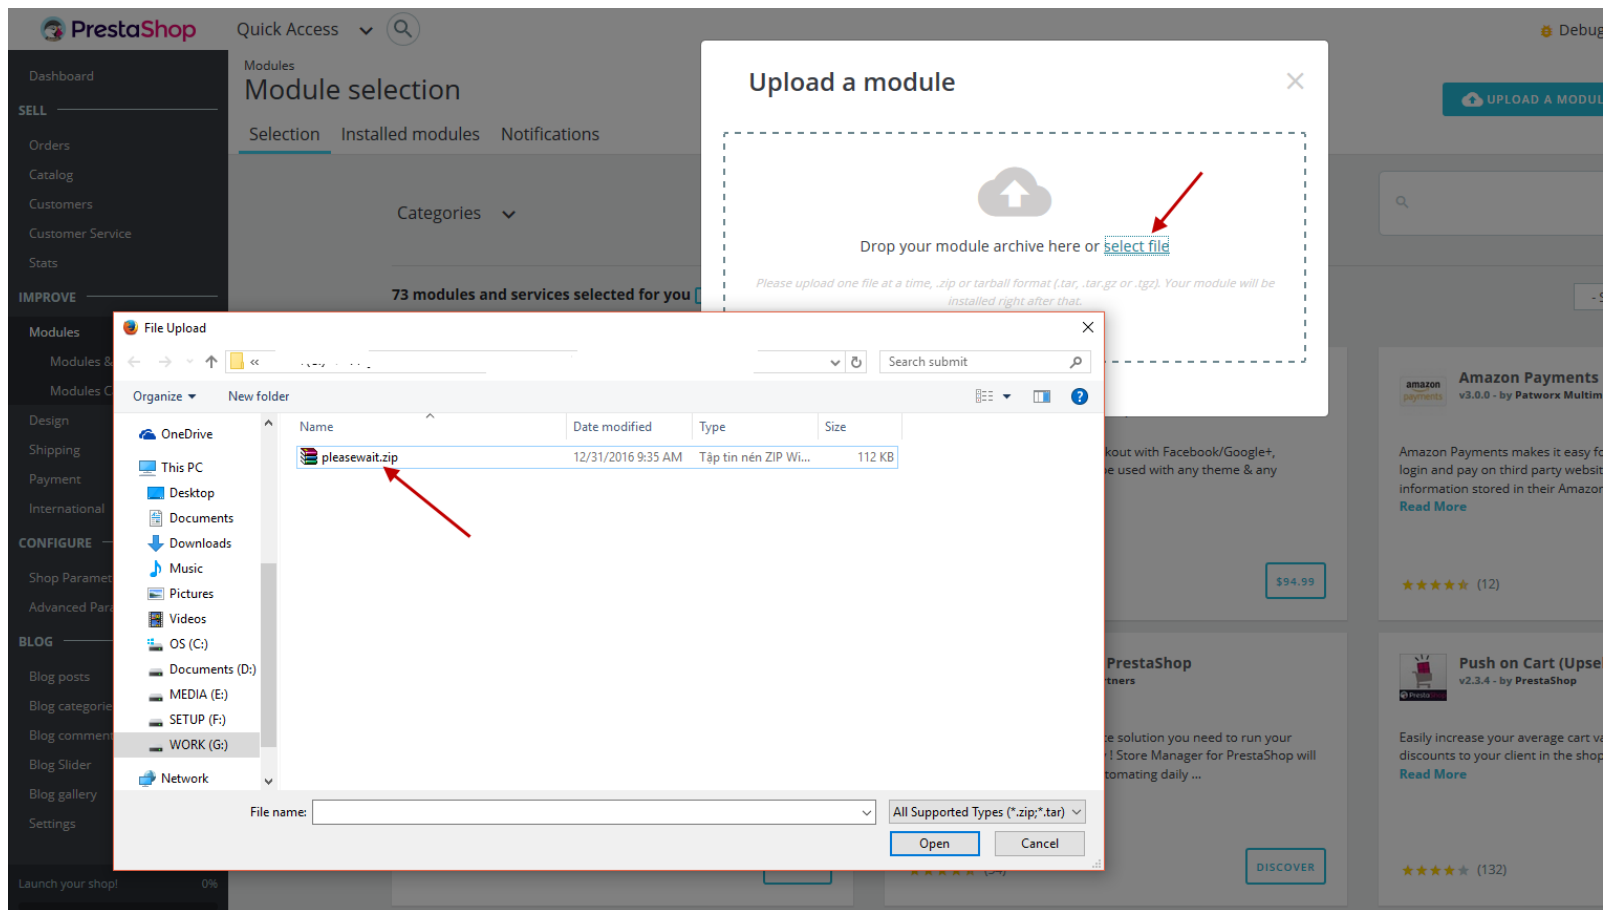

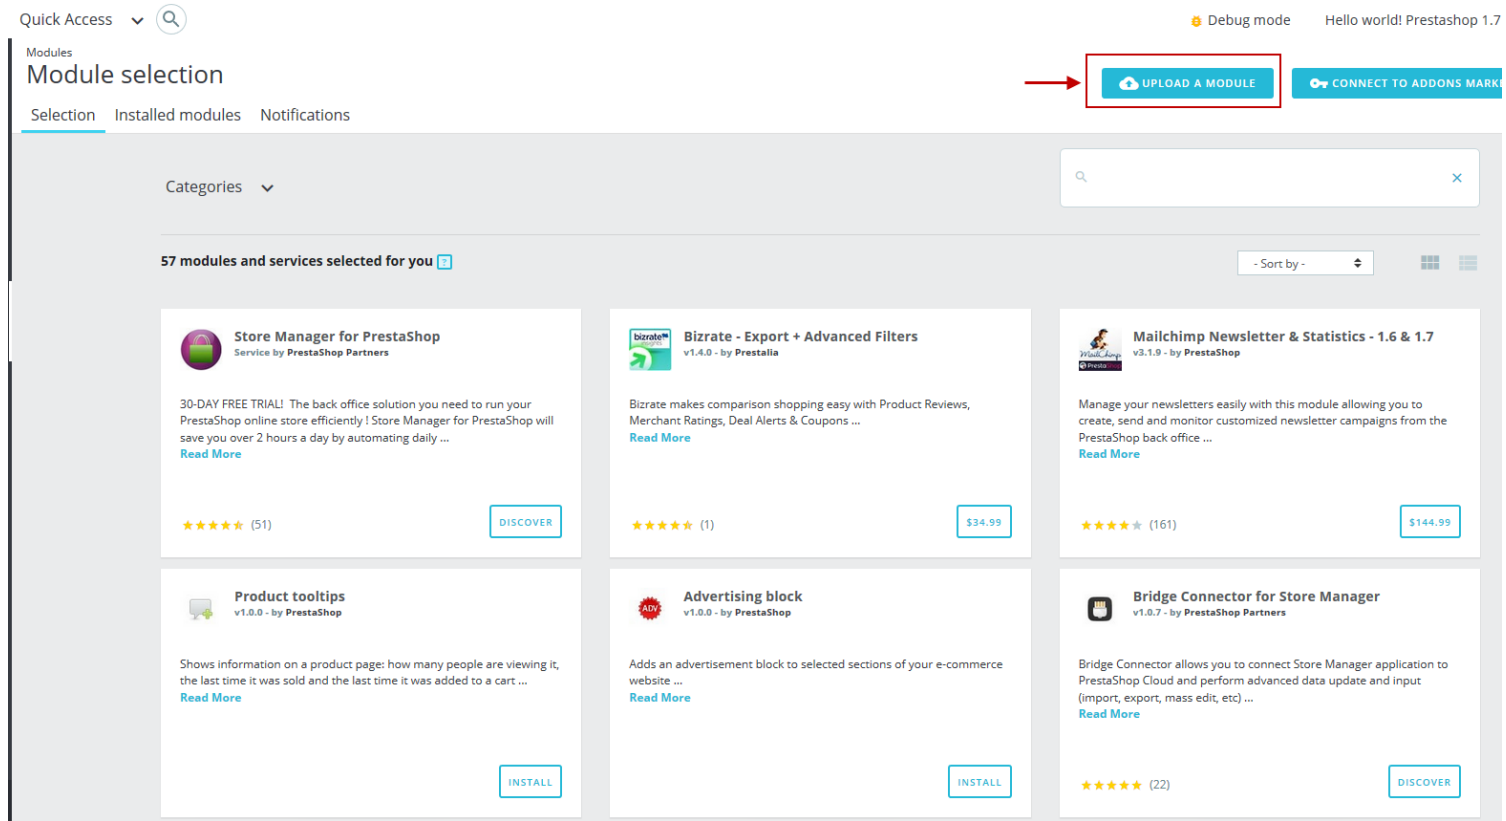

Navigation Menu (Left Sidebar):
