I. INTRODUCTION

"**Advanced Wishlist**" is a free PrestaShop wish list module that allows customers to save their favorite items, find them quickly and easily at a later time, and buy them.

*"**Advanced Wishlist**" is compatible with PrestaShop 1.7.x

II. INSTALLATION

- Navigate to "**Modules / Modules Manager**" > click on "**Upload a module / Select file**".
- Select the module file "**ets_wishlist_pres17.zip**" from your computer then click on "**Open**" to install.
- Click on "**Configure**" button of the module you just installed to open the module's configuration page.

III. CONFIGURATION

From your installed module list (located at "**Modules/Module Manager**"), find "**Advanced Wishlist**" then click on the "**Configure**" button to open its configuration page.

You will see the options below which are used to configure and customize the wish list button:

1. Wish list settings

- You can set up the title for the "Default wish list", the "Create new list" button and the title for separate wish list page in multiple languages.

- Display position: you can select a position to display wish list icon (right or left) and adjust its position.
- Our module also allows you to customize the icon background color, the background color when hover, icon color, etc. to match with your current theme.

When you click on the **“Wish list”** icon, the popup will appear:

Select the list you want to add and click on its name to finish, or click on **“Create new list”** button to add product to the new list:

2. Wish list display positions

You can configure the display position for customer wish list on this section. Enable the position you want, customize the title, number of display products and display type and we're ready!

- Display wish list on the left/right column:

The screenshot shows a configuration panel for the wish list. At the top, there is a toggle for "Display share button on wishlist page" which is turned on (Yes). Below this is a section titled "Display wish list products on left column". On the left side of this section, there are three toggle switches under the heading "Display positions": "Left column" (turned on), "Right column" (turned off), and "Shipping cart page" (turned on). The main configuration area on the right includes a text input for the title, currently set to "Wishlist", with a language dropdown menu set to "en". Below the title is a text input for the "Number of products to display", set to "8", with a note below it that says "Leave blank to show all wishlist products". There are two radio buttons for "Display type": "Grid" (unselected) and "Slider" (selected). At the bottom of this section is another toggle for "Auto-play slider", which is turned on (Yes). A blue "Save" button is located at the bottom right of the configuration panel.

The screenshot shows a configuration panel for the wish list, similar to the one above but for the right column. The "Display share button on wishlist page" toggle is turned on (Yes). The section is titled "Display wish list products on right column". The "Display positions" section on the left has "Left column" (turned on), "Right column" (turned off), and "Shipping cart page" (turned on). The main configuration area on the right has the title "Wishlist" and language "en". The "Number of products to display" is set to "8" with the same note as above. The "Display type" radio buttons have "Grid" selected and "Slider" unselected. The "Auto-play slider" toggle is turned on (Yes). A blue "Save" button is at the bottom right.

Below is the example of wish list products on left column (Slider type):

3. Statistics

“**Advanced Wishlist**” module offers store owners the statistics table that help build an overview of the most loved products on their store.

You can view the statistics data filtered by day, month, year or all time.

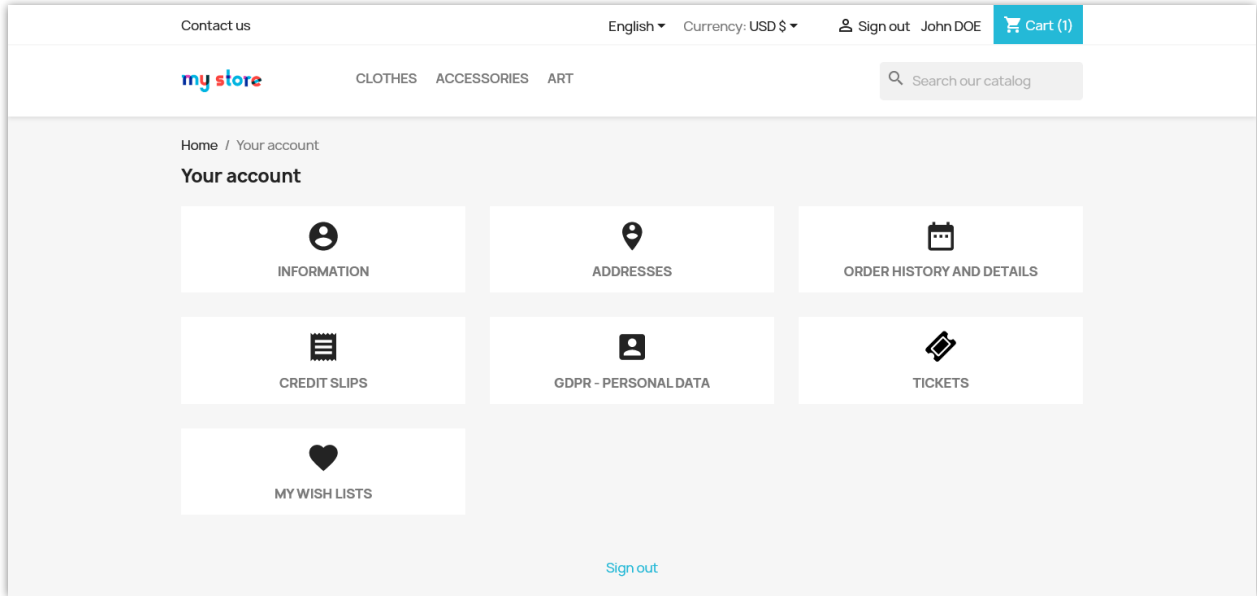

The screenshot shows the 'Configure' module interface for the 'Advanced Wish list' module. The page title is 'Configure' with a subtitle 'Advanced Wish list'. There are navigation buttons for 'Back', 'Translate', 'Check update', and 'Manage hooks'. The 'Settings' menu is open, and 'Statistics' is selected. The main content area is titled 'Top 10 most added products' and features a filter bar with options for 'Day', 'Month', 'Year', and 'All time' (which is selected). Below the filter bar is a table with the following data:

Product	Reference	Combination	Category	Price (tax excl.)	Available Qty	Conversion rate
1  Hummingbird printed t-shirt	demo_1	Size : S,Color : White	Men	\$19.12	300	0%
2  Hummingbird printed sweater	demo_3	Size : S	Women	\$28.72	1200	0%
7  Mug The adventure begins	demo_12	--	Home Accessories	\$11.90	300	0%
11  Hummingbird cushion	demo_17	Color : White	Home Accessories	\$18.90	300	0%
3  The best is yet to come' Framed poster	demo_6	Dimension : 40x60cm	Art	\$29.00	900	0%
13  Brown bear - Vector graphics	demo_19	--	Art	\$9.00	300	0%

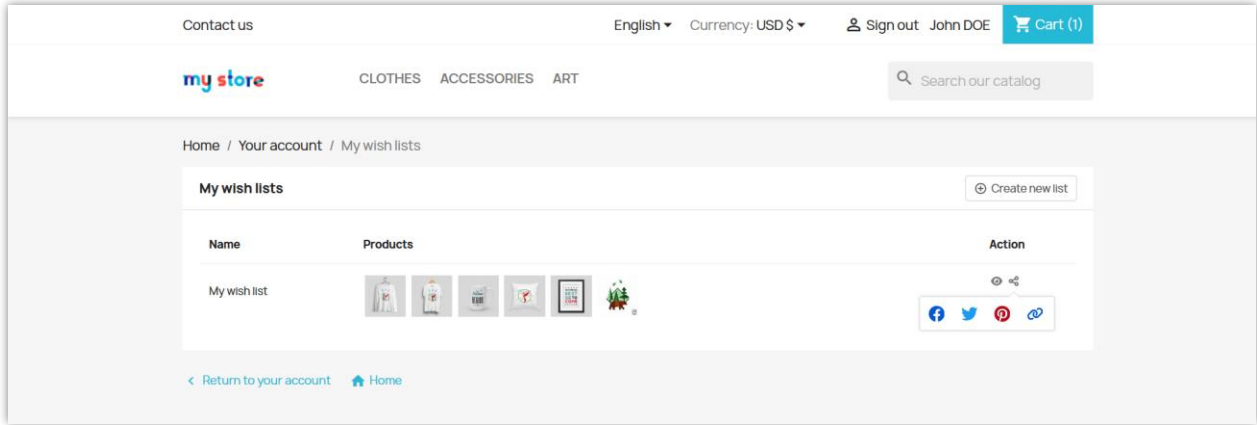

4. How customers can manage their wish list

With signed in customers, they can manage their wish list at “**Your account**” page > “**My wish list**” section.

Customers can view all wish lists they created, edit wish list or create a new list.

They can also share a wish list via URL or share to the social networks (Facebook, Twitter, Pinterest).

For each wish list, customers can view details and delete the products from their list:
