I. INTRODUCTION

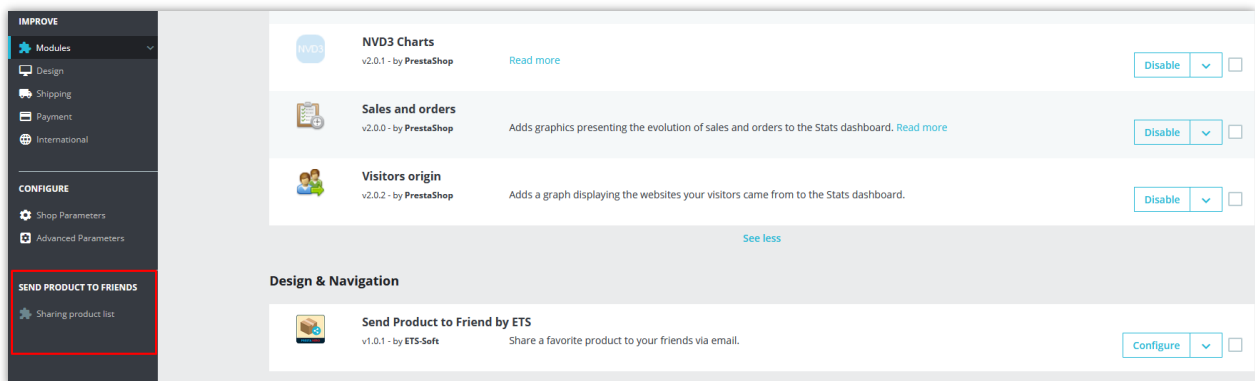

Send product to friend is a free PrestaShop share products module that displays a share button on the product detail page and allows users to forward a link of a product page from your website to friend via email along with a personal message.

**Note: Send product to friend is compatible with PrestaShop 1.7.x*

II. INSTALLATION

1. Navigate to “**Modules / Modules & Services**”, click on “**Upload a module / Select file**”.
2. Select the module file “**ph_sendproduct_tofriend.zip**” from your computer then click on “**Open**” to install.
3. Click on “**Configure**” button of the module you just installed to open the module’s configuration page.

Quick access: You can also navigate to **Send product to friend**’s configuration page through the quick access menu.

III. CONFIGURATION

From your installed module list (Located at “**Modules/Modules & services/Installed modules**”), find “**Send product to friend**” then click on the “**Configure**” button to open its configuration page.

You will see the options below which will be used to enable and customize the “**Send product to friend**” button on the PrestaShop front office:

Send product to friends / Sharing product list

Sharing product list
