#### I. INTRODUCTION

**Advanced Tiny MCE** allows you to add more functions to the text editor in PrestaShop (*icons, font size, font family, special character, find and replace, preview, etc.*). Give you more control over tools included in the PrestaShop text editor.

\*"Advanced Tiny MCE" is compatible with PrestaShop 1.6.x, 1.7.x and PrestaShop 8.x

#### II. INSTALLATION

- Navigate to "Modules / Modules Manager" > click on "Upload a module / Select file".
- Select the module file "**etstinymce.zip**" from your computer then click on "**Open**" to install.
- Click on "**Configure**" button of the module you just installed to open the module's configuration page.

#### III. CONFIGURATION

From your installed module list (located at **"Modules/Module Manager"**), find **"Advanced Tiny MCE"** and then click on the **"Configure**" button to open its configuration page.

On the "**Tiny MCE**" page, you can select the types of text formatting option to display on TinyMCE menu bar. Our module supports the following formatting tools:
