BETTER PRODUCT IMAGE SLIDESHOW

Impress potential customers with eye-catching images and boost your sale!

A product of PrestaHero

# Contents

I.   INTRODUCTION

Better Product Image Slideshow allows you to add a slick slideshow on product detail page that helps customers easily browse through your attractive product images. Impress potential customers with eye-catching images and boost your sale!
II.   INSTALLATION

- Navigate to **"Modules / Modules & Services"**
- Click on **"Upload a module / Select file"** > select the install package "**ets_product_slideshow.zip**"
- Click on **"Configure"** button to navigate to **Better Product Image Slideshow** module's configuration page.

III.   SLIDESHOW CONFIGURATION

By default, after you successfully installing **Better Product Image Slideshow** module on your PrestaShop site, the slideshow will be automatically added into every product detail page. On the front office, when you hover mouse pointer over the product image or product thumbnail images, the slider arrows will appear.

To customize your product image slideshow, let's navigate to the configuration page of **Better Product Image Slideshow** module.
