I. INTRODUCTION

Save & Share My Cart is a PrestaShop save cart free module that allows customers to save their shopping carts to buy later or share them with their friends so that they can buy your store products easier without searching.

***Save & Share My Cart** is compatible with PrestaShop 1.7.x

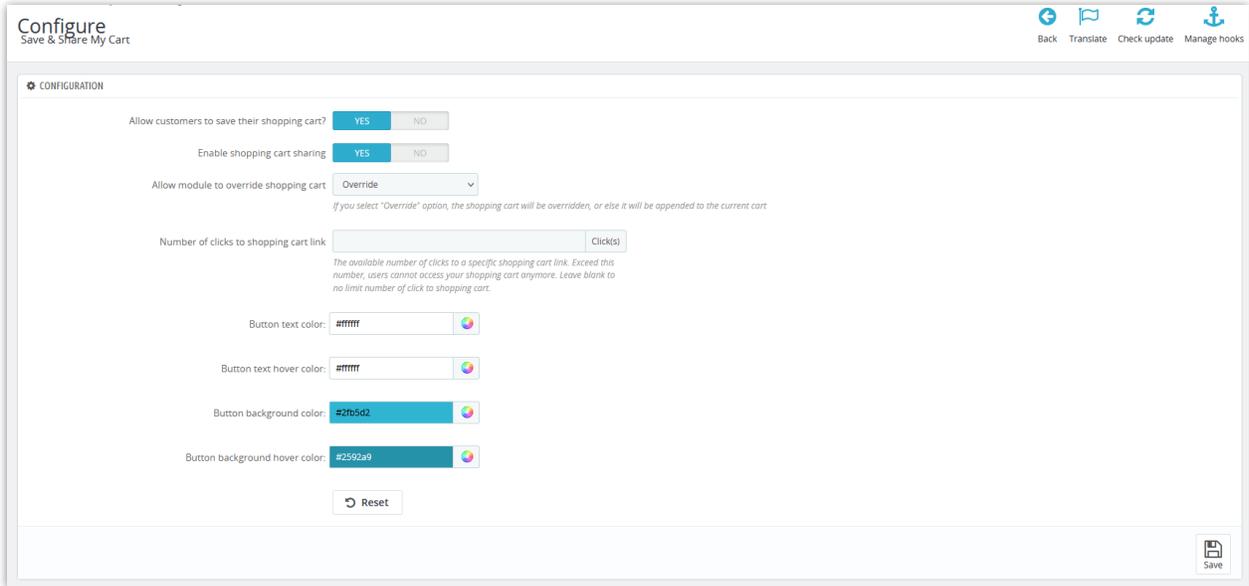

II. INSTALLATION

- Navigate to "**Modules / Modules Manager**" > click on "**Upload a module / Select file**".
- Select the module file "**ets_savemycart.zip**" from your computer then click on "**Open**" to install.
- Click on "**Configure**" button of the module you just installed to open the module's configuration page.

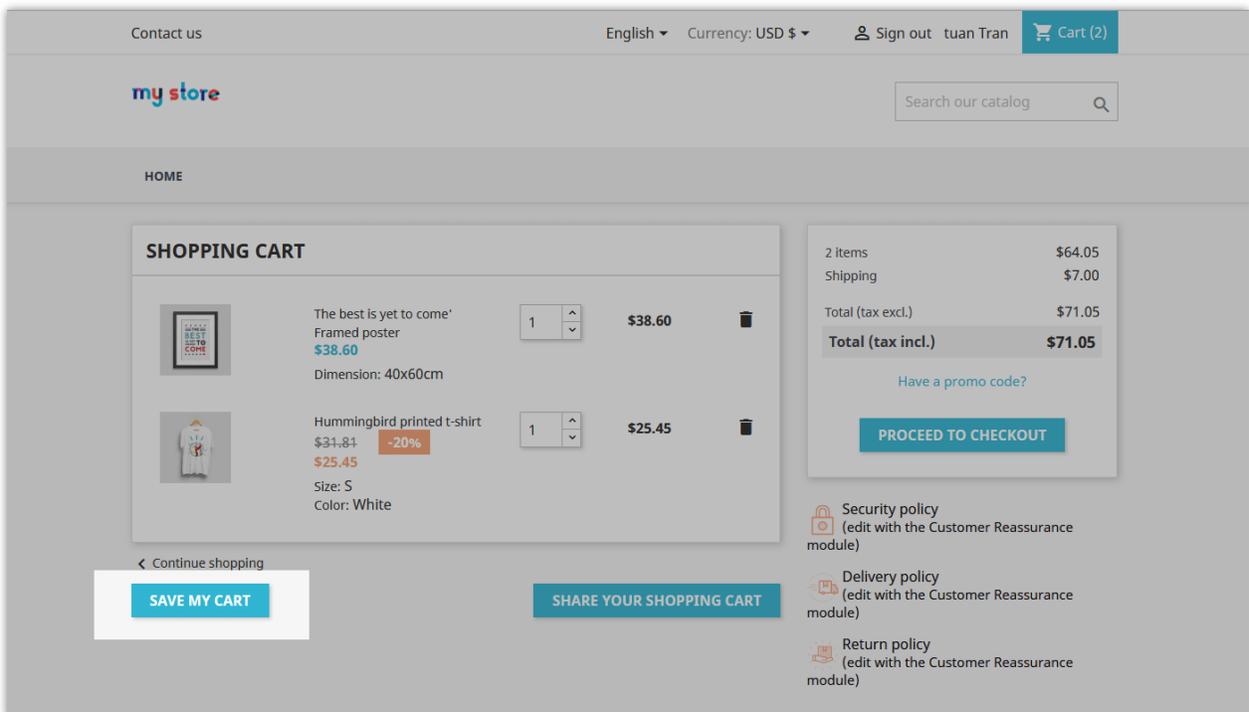

III. CONFIGURATION

From your installed module list (located at "**Modules/Module Manager**"), find "**Save & Share My Cart**" then click on the "**Configure**" button to open its configuration page.

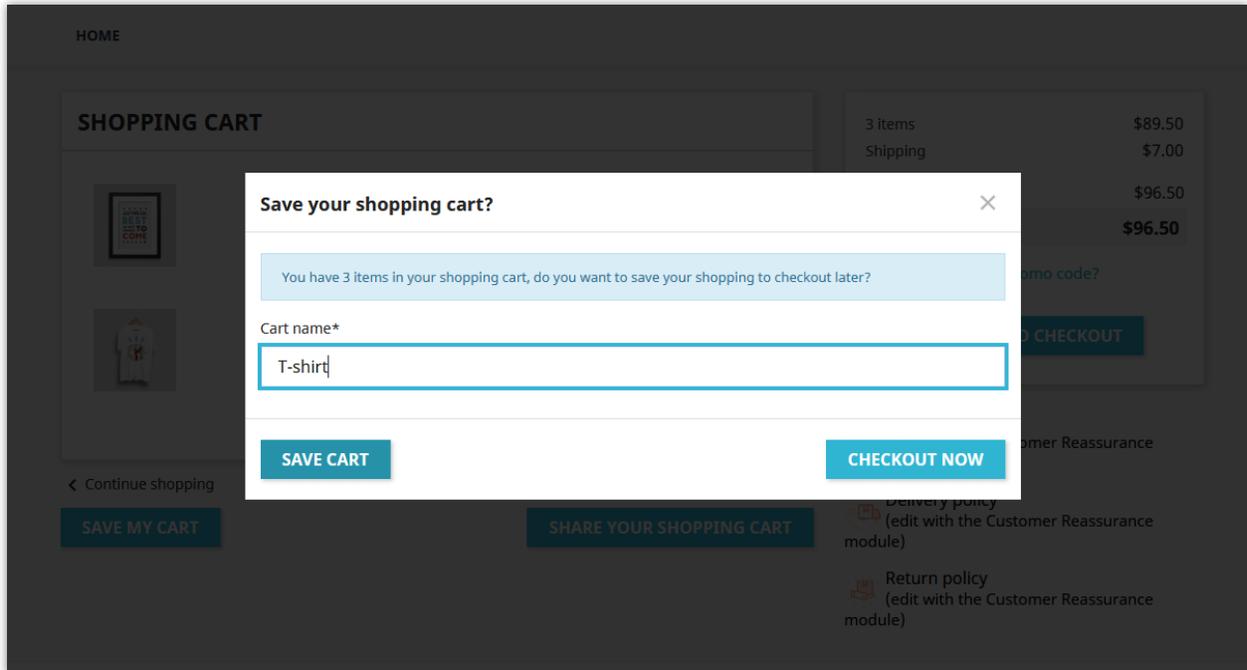

You will see the options below that are used to manage customer shopping cart saving and sharing.

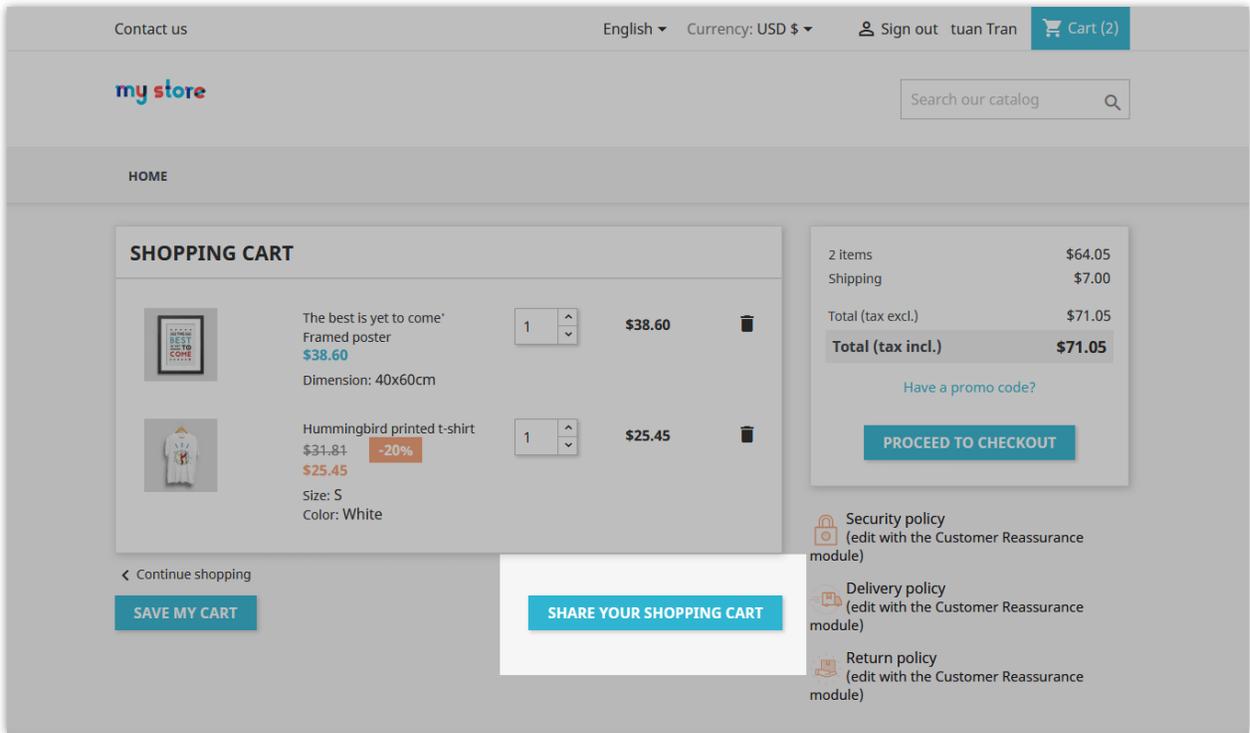

- Allow customers to save their shopping cart:** Enable this option to show a **"SAVE MY CART"** button on the shopping cart page so your customers can save their cart if they want.

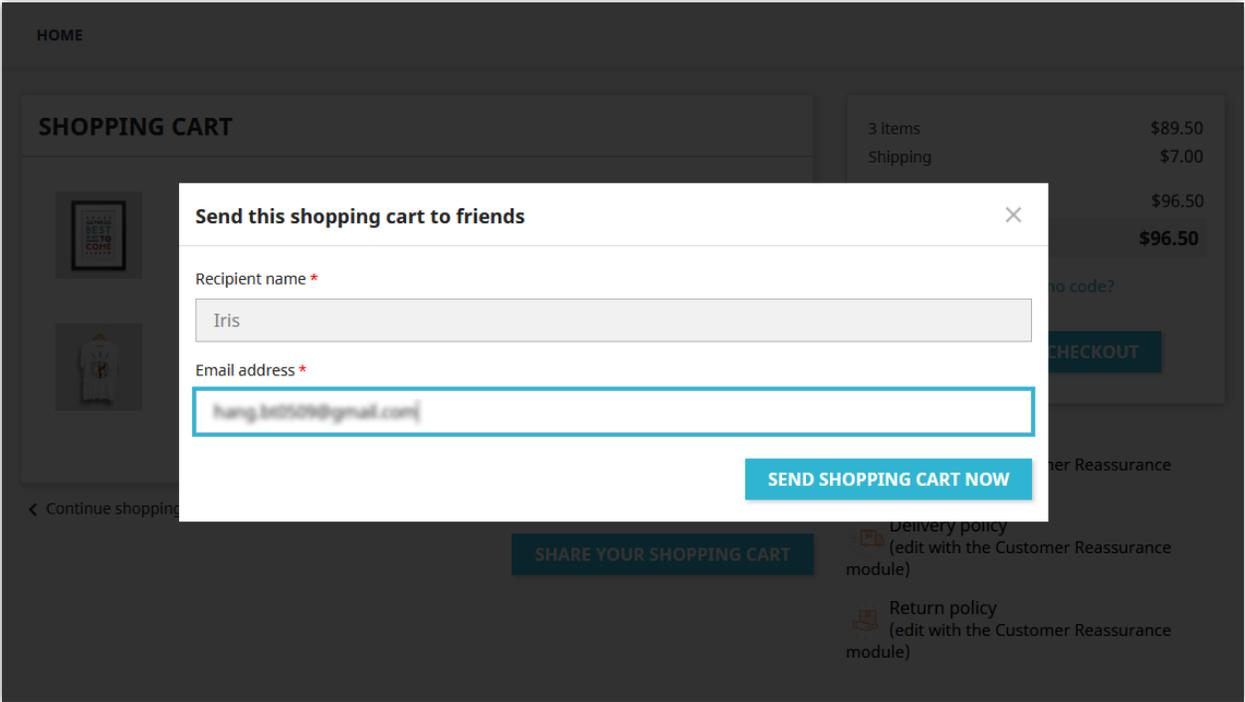

When a customer clicks on the **"SAVE MY CART"** button, they will have to fill in the cart name, then they can select **"CHECKOUT NOW"** to go to the checkout page or select **"SAVE CART"** to buy later.

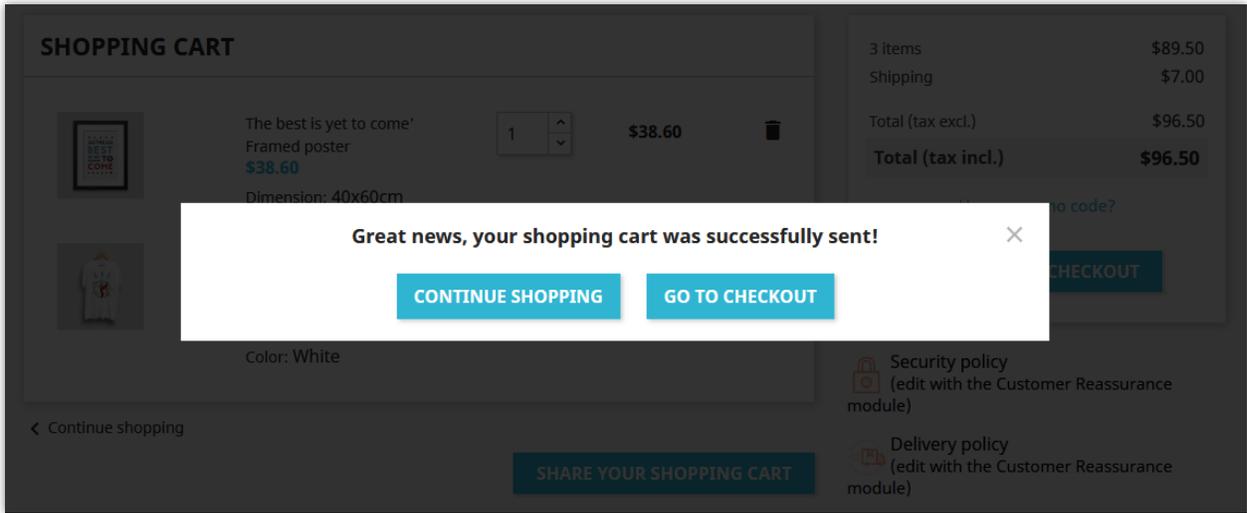

- **Enable shopping cart sharing:** to show a **"SHARE YOUR SHOPPING CART"** button on the shopping cart page and allow your customers to share their carts with their friends. Make it more convenient for them to buy your store products without searching.

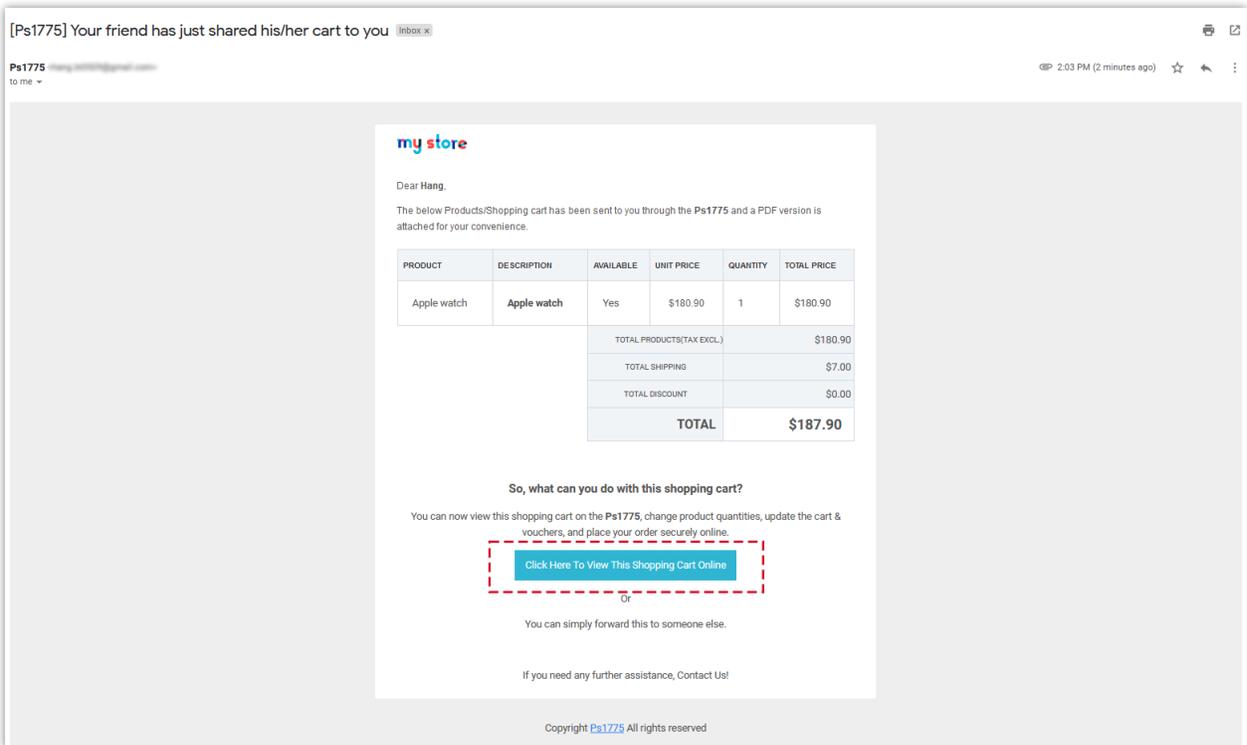

Customers need to fill in the name and email address of the person they want to share their shopping carts with.

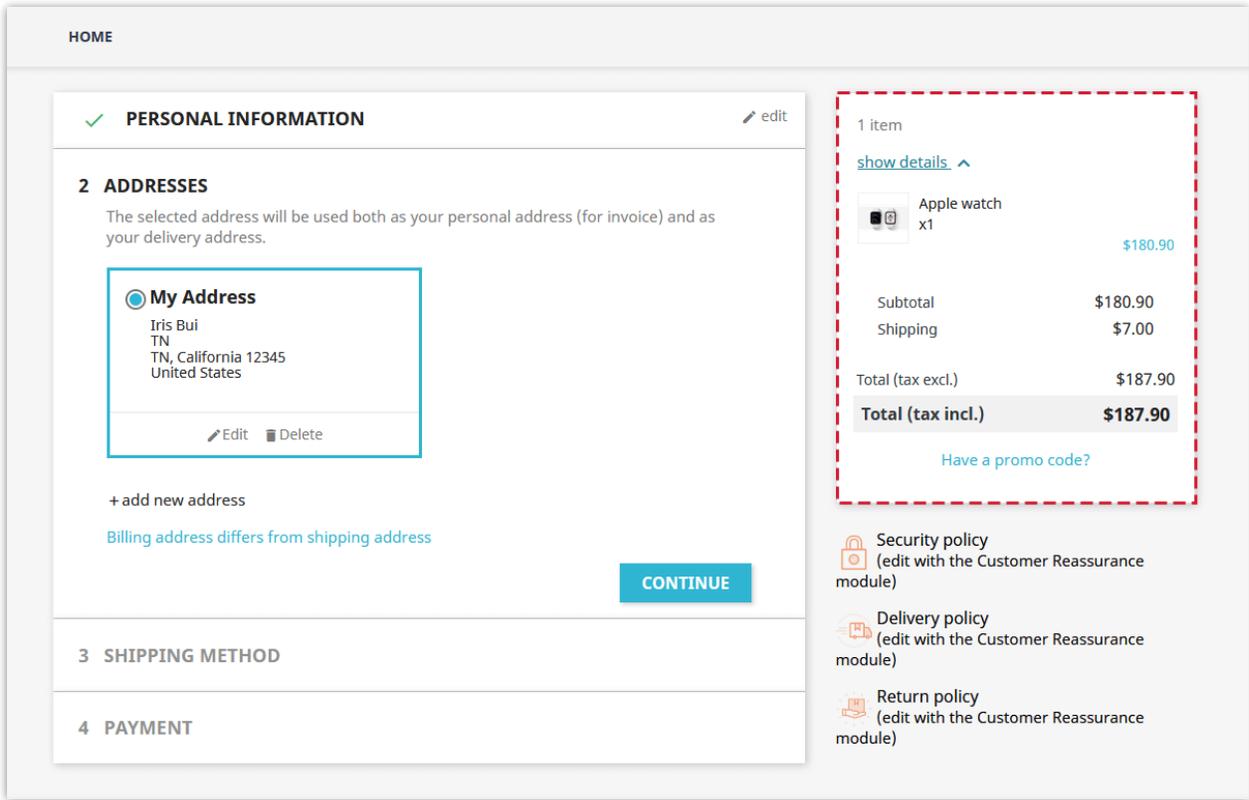

A notification popup will appear when you successfully share your cart.

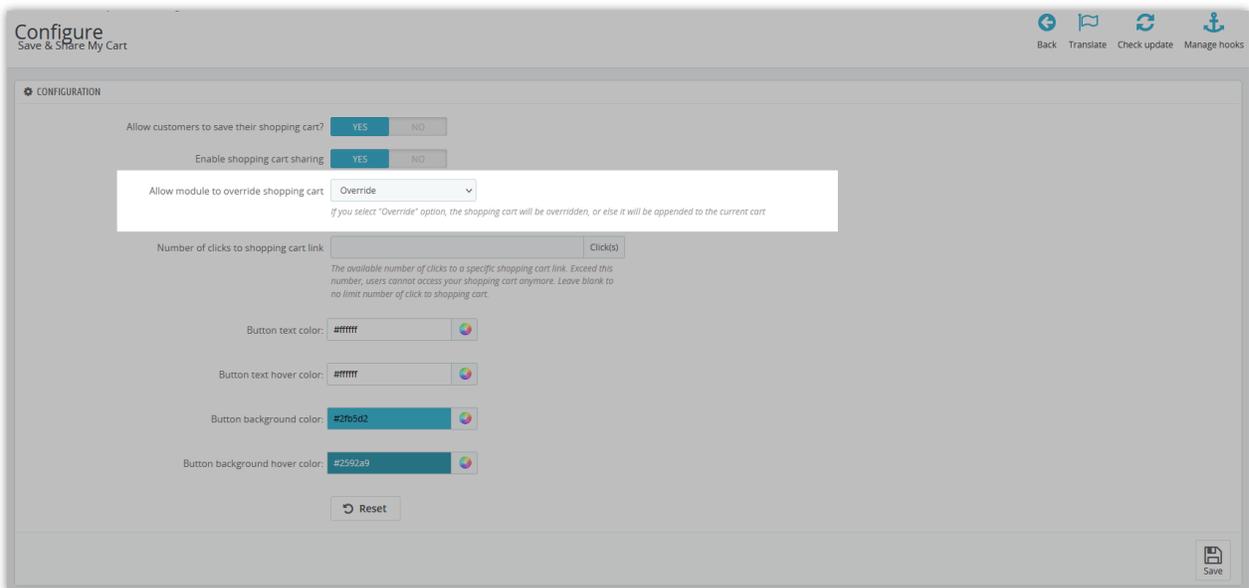

An email will be sent to the shared person so that they only need to click the link on the email and the shared products are automatically added to their cart and they can check out immediately.

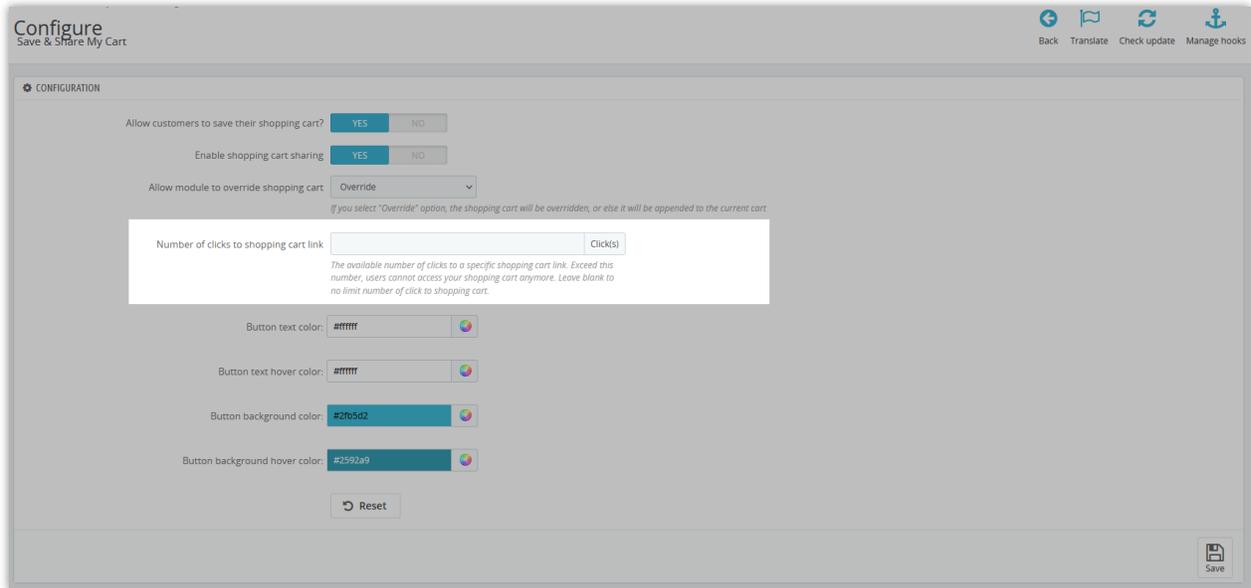

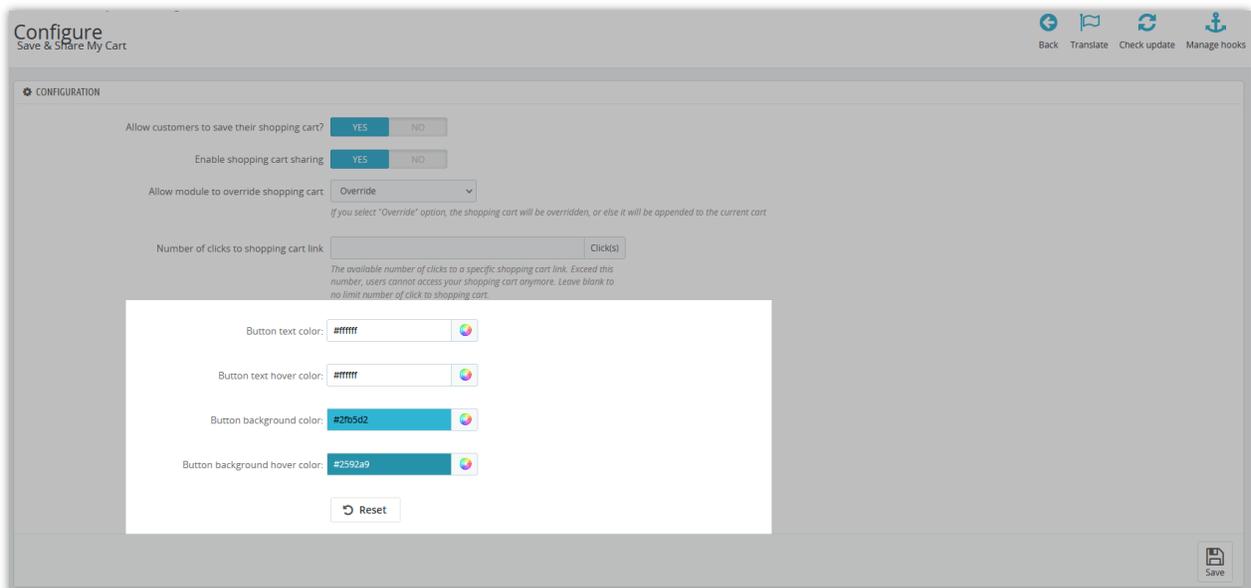

- **Allow module to override shopping cart:** You can select "**Override**" or "**Append**". If you select the "**Override**" option, the shared person's shopping cart will be replaced, or else it will be added to the current cart.

- **Number of clicks to shopping cart link:** The available number of clicks to a specific shopping cart link. Exceed this number, users cannot access your shopping cart anymore. Leave blank to no limit number of clicks to the shopping cart.

- The module allows you to freely customize the colors of button elements such as button text color, button text hover color, button background color, button background hover color.

IV. THANK YOU

Thank you again for downloading our product and going through this documentation. We hope this document is helpful and efficient in the installation and usage of **Save & Share My Cart** module.
