I. INTRODUCTION

Viewed Products is a free PrestaShop viewed products module that allows you to display a list of viewed products on various positions: Homepage, product pages, left column, right column. The product list is saved for logged-in customers.

***Viewed Products** is compatible with PrestaShop 1.7.x

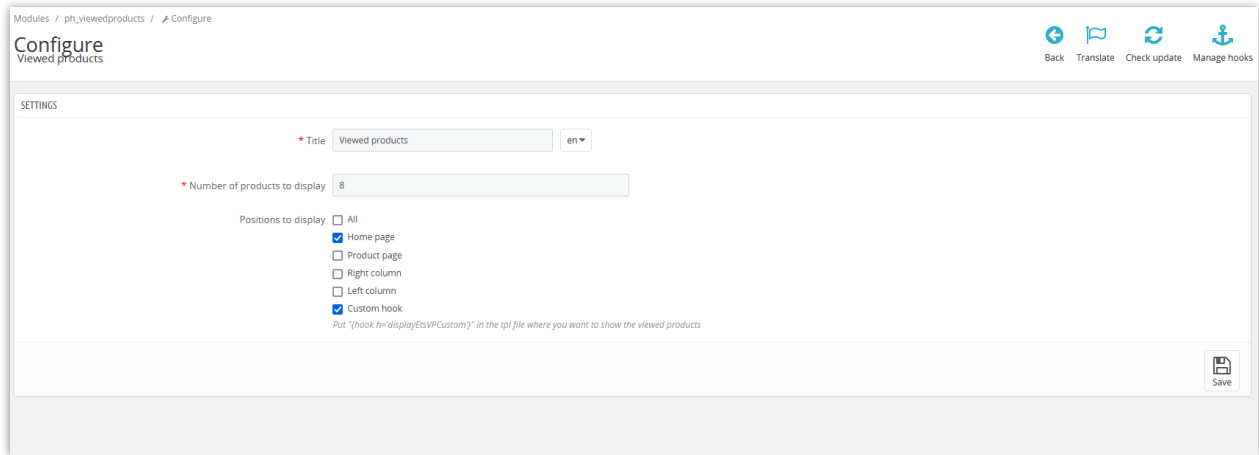

II. INSTALLATION

- Navigate to "**Modules / Modules Manager**" > click on "**Upload a module / Select file**".
- Select the module file "**ph_viewedproducts.zip**" from your computer then click on "**Open**" to install.
- Click on "**Configure**" button of the module you just installed to open the module's configuration page.

III. CONFIGURATION

From your installed module list (located at "**Modules/Module Manager**"), find "**Viewed Products**" then click on the "**Configure**" button to open its configuration page.

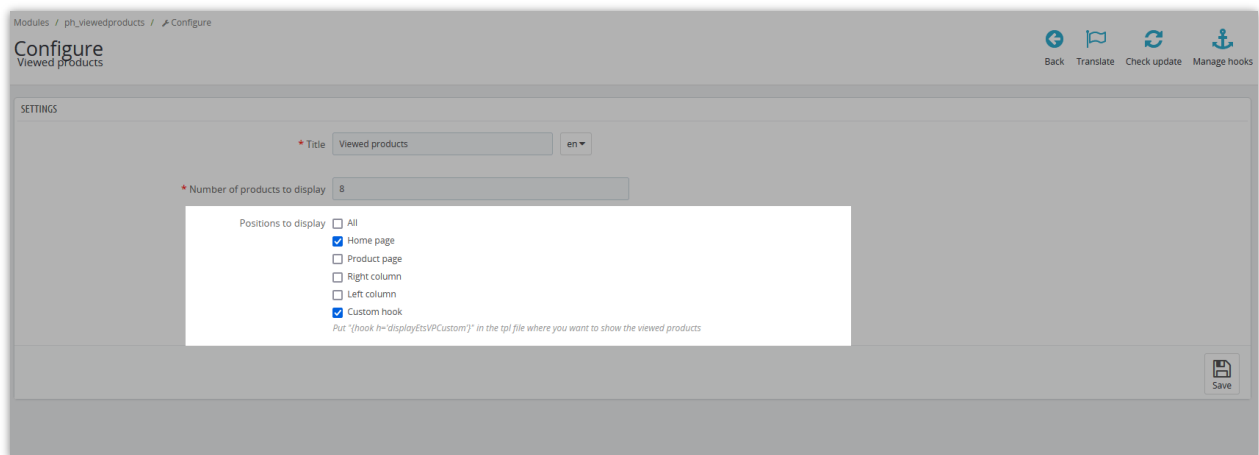

You will see the options below which are used to manage the display of the viewed products by customers.

- **Number of products to display:** You can set up the number of products that a customer viewed to display on the front office.

For example, you enter "5" in this field, the customer has viewed 8 products in your store, the module will only display the last 5 products that the customer has just viewed.

- **Positions to display:** the module provides 5 positions to display viewed products

Display on the Homepage:

Display on the left/right column:

The screenshot displays an e-commerce interface for 'my store'. At the top right is a search bar labeled 'Search our catalog'. The breadcrumb 'Home / Clothes' is visible. On the left, there are two filter panels. The first panel, titled 'CLOTHES', has sub-sections for 'Men' and 'Women'. The second panel, 'FILTER BY', includes 'Categories' (Men (1), Women (1)), 'Size' (S (2), M (2), L (2), XL (2)), 'Color' (White (1), Black (1)), 'Property' (Long sleeves (1), Short sleeves (1)), and a 'Price' range slider from \$25.00 to \$44.00. The main content area is titled 'CLOTHES' and features a descriptive paragraph and a product image of a white t-shirt. Below this, it states 'There are 2 products.' and includes a 'Sort by: Relevance' dropdown. Two product cards are shown: a 'Hummingbird Printed T-shirt' (black) with a -20% discount, priced at \$25.45 (original \$31.81), and a 'Hummingbird Printed Sweater' (white) with a -20% discount, priced at \$34.75 (original \$43.44). A 'Showing 1-2 of 2 item(s)' indicator is present. A 'VIEWED PRODUCTS' sidebar on the left shows thumbnails of the two t-shirts, a Christmas tree graphic, a 'BEST GET TO COME' sign, and a pair of shoes. At the bottom, there is a newsletter sign-up form with the text 'Get our latest news and special sales', a 'Your email address' input field, and a 'SUBSCRIBE' button. A disclaimer below the form reads: 'You may unsubscribe at any moment. For that purpose, please find our contact info in the legal notice.'

Display using custom hook: In addition to the available positions, you can completely display viewed products anywhere by using custom hooks. Just copy the provided custom hook and paste it wherever you want in the .tpl file.
