I. INTRODUCTION

Banner Anywhere is a **free PrestaShop banner module** that helps you easily add and display banners on the Home page, Category page, product page, or wherever you want on your PrestaShop store.

***Banner Anywhere** is compatible with PrestaShop 1.7.x – 8.x

II. INSTALLATION

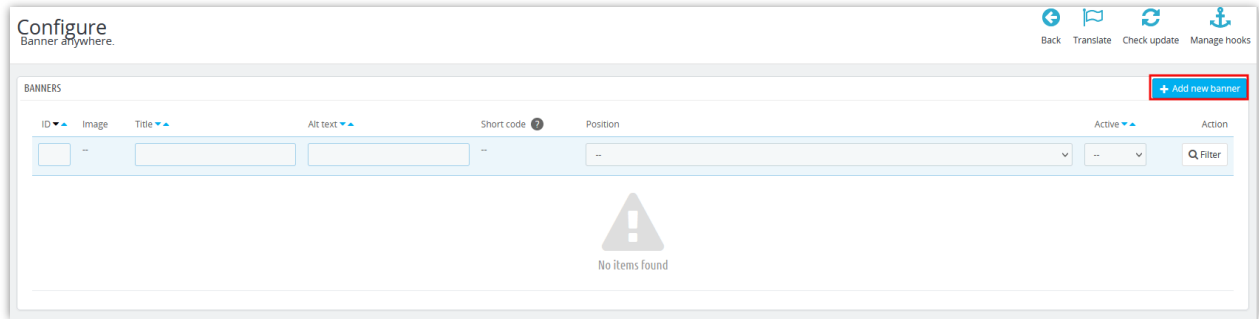

- Navigate to **"Modules / Modules Manager"** > click on **"Upload a module / Select file"**.
- Select the module file **"ets_banneranywhere.zip"** from your computer then click on **"Open"** to install.
- Click on **"Configure"** button of the module you just installed to open the module's configuration page.

III. CONFIGURATION

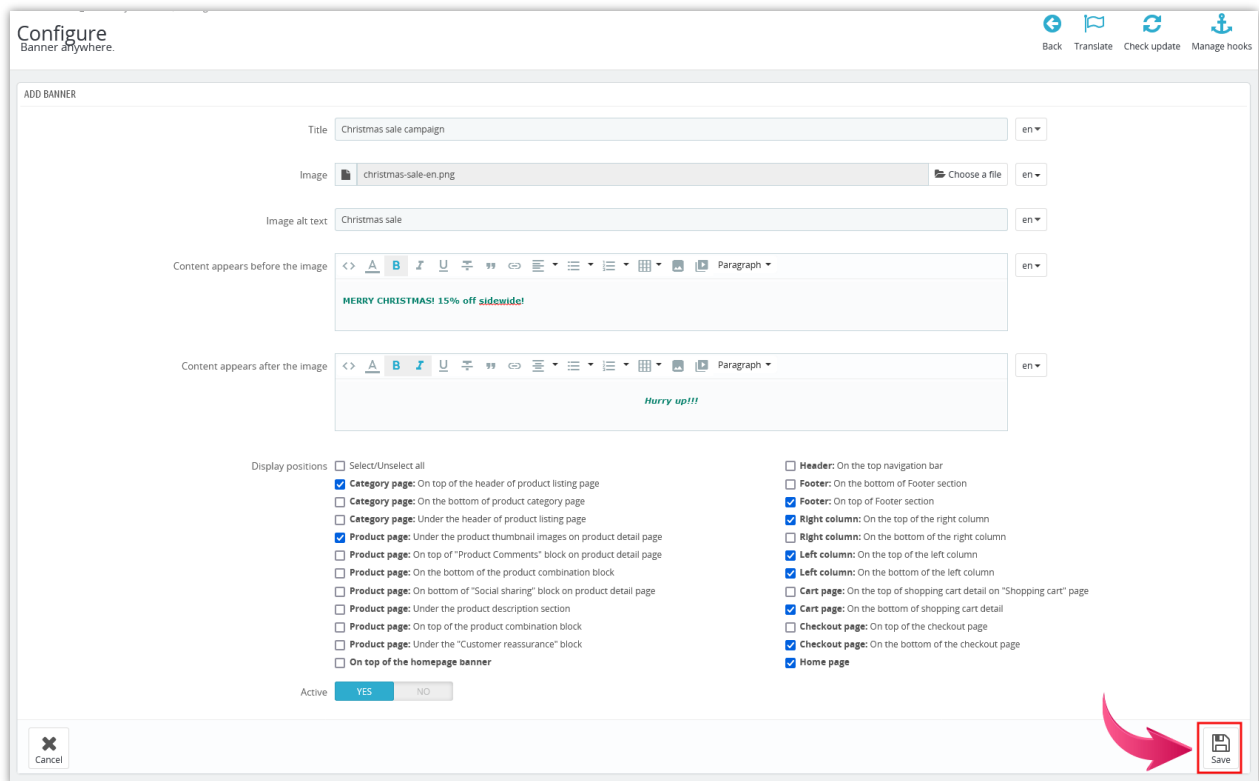

1. Add a new banner and display on the front office

From your installed module list (located at **"Modules/Module Manager"**), find **"Banner Anywhere"** then click on **"Configure"** button to open its configuration page.

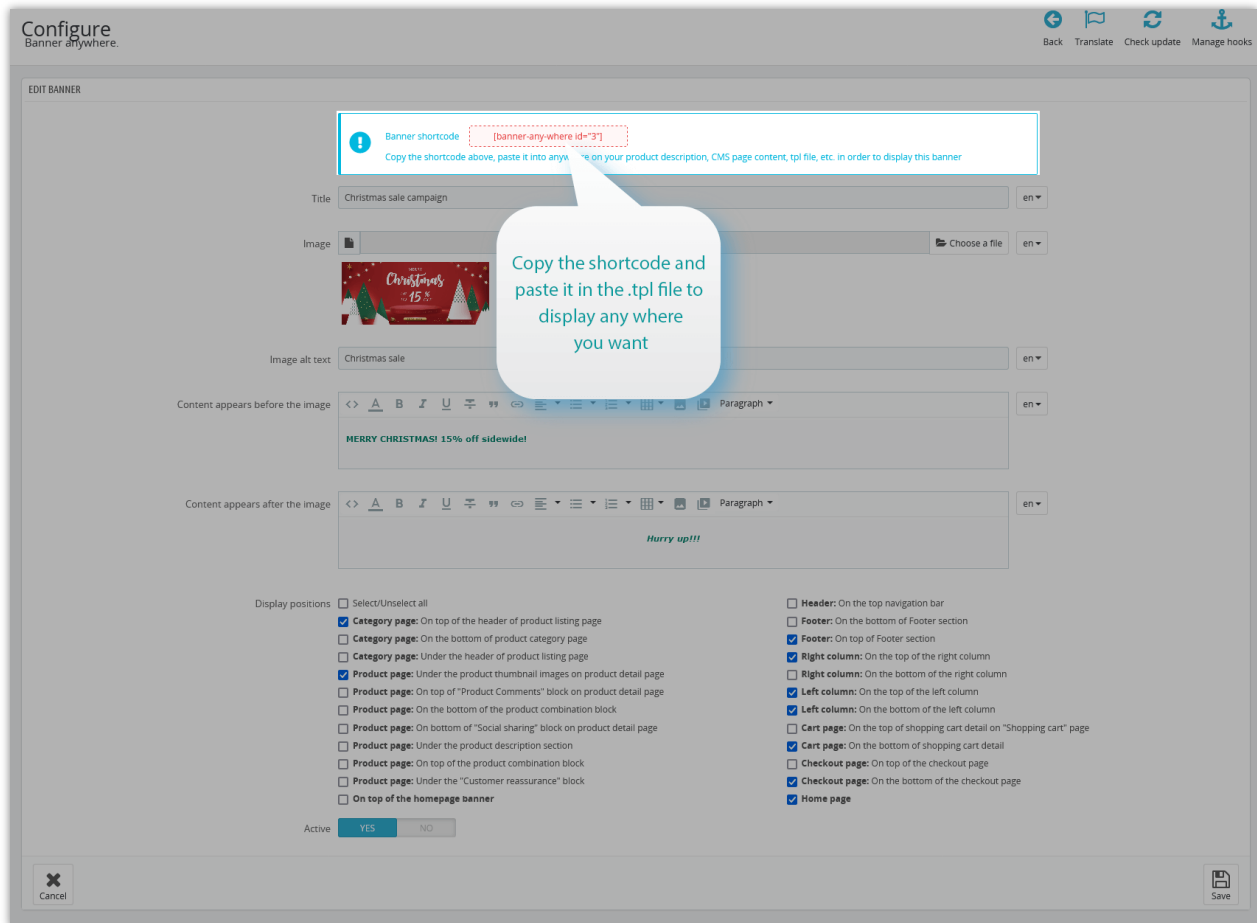

Banner Anywhere module allows you to add unlimited PrestaShop custom banners. Click **"Add new banner"** to start adding a new one.

- **Title:** Fill in the banner's title.
- **Image:** upload a banner image.
- **Image alt text:** add alt text for the banner image.
- Add and customize the content that appears before or after the image with a variety of content types: *text, paragraphs, videos, tables, links,...*
- Select the positions you want to display the banner on the front office.
- Enable the **"Active"** button, then save.

After saving the new banner, a short code will be created and displayed at the top of the Banner editing page or on the configuration page so you can quickly copy and paste it wherever you want.
