#### I. WELCOME

Thank you for downloading our product. We hope to guide you through all the aspects of the module installation and the module setup within this document. But if you have any questions that are beyond the scope of this documentation, please feel free to contact us.

#### \*Note:

All instruction screenshots are taken from PrestaShop 1.7, but installing and configuring this module on PrestaShop 1.6 is similar.

## II. INTRODUCTION

**PrestaHero** is a prestige website providing all types of modules that you need for your PrestaShop online store. And thanks to "**PrestaHero Connect**", a free module that helps **connect your store to PrestaHero**, you can **directly manage**, **install** and **update all modules from your store's back office** (including your purchased modules, free modules and other available modules from **PrestaHero**).

\* "PrestaHero Connect" is compatible with PrestaShop 1.6.x and PrestaShop 1.7.x

#### **III. INSTALLATION**

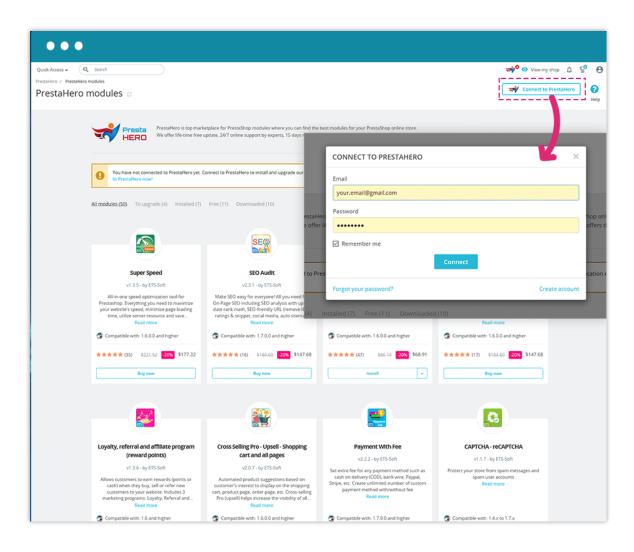

- Navigate to "Modules / Modules & Services", click on "Upload a module / Select file"
- Select the module file "prestaheroconnect.zip" from your computer then click on "Open" to install
- Click on "Configure" button of the module you just installed to open the module's configuration page.

## **IV. CONFIGURATION**

### 1. Connect to PrestaHero

The first step is connecting your PrestaShop store with PrestaHero so our module can detect which module you have installed.

Click on "Connect to PrestaHero" button on the top – right corner.

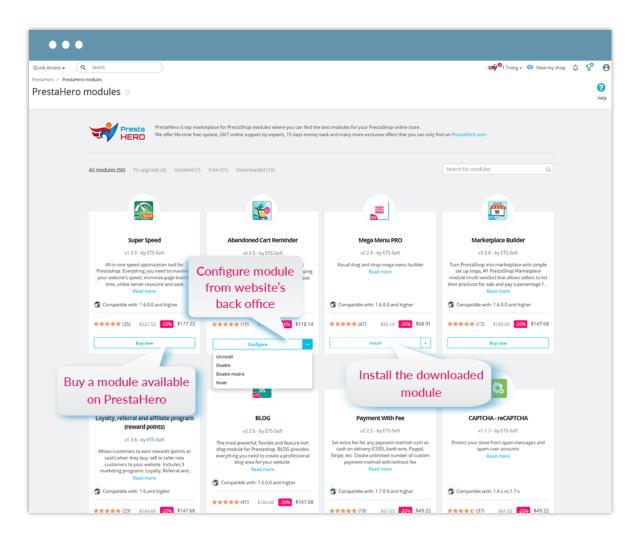

Enter your email and password (of the account created on PrestaHero. If you haven't had an account, click on "**Create account**" link to register).

Click **"Connect"** to finish.

### 2. Module tabs

From the configuration page of **PrestaHero Connect** module, you will find these following module tabs:

• *All modules*: this tab will display all available PrestaShop modules that you can purchase from PrestaHero. From this tab, you can also manage any installed modules by opening the drop-down menu.

• *To upgrade*: this tab will appear when there is a new release of your installed modules available. Click on "**Upgrade**" button and **PrestaHero Connect** will automatically download and install the new released version into your website.
